

**Appendix B | Public Outreach and Agency
Coordination Plan, Public Meeting Summary Report**

**PUBLIC INFORMATION PLAN
HENDERSON INTERCHANGE
NATIONAL ENVIRONMENTAL POLICY
ACT (NEPA) PROJECT**

JANUARY 2021

Project Overview

The Henderson Interchange was constructed between 2004-2006, when Clark County had a population of approximately 1.5 million residents. With Clark County's population increase to more than 2.2 million, the interchange needs to be improved to accommodate increased traffic demands. Along with project partners, the Nevada Department of Transportation (NDOT), has taken the necessary steps to accelerate planning efforts so that the Henderson Interchange can begin the National Environmental Policy Act (NEPA) process.

Schedule

NEPA: January 2021 – July 2022

Engineering/Construction: Jan 2022 – Dec 2025

Communication Goal

Create a comprehensive plan for effective communication and involvement of project stakeholders and the public. Set the stage for successful ongoing communication during NEPA, design, and construction.

Key Audiences

- General public
- NDOT
- City of Henderson elected officials and agency personnel
- Clark County
- RTC of Southern Nevada
- Federal Highway Administration
- Local businesses and organizations
- Local media resources
- Law enforcement agencies
- Emergency service providers

Objectives/Tasks

1. Coordinate all activities with NDOT and the project team.
2. Determine details on the timing and most appropriate mediums, forums, and methods for gathering and disseminating information to stakeholders, the public, and the news media.
3. Support the team with project materials as needed, including website landing page information.
4. Plan, advertise, and conduct one public meeting and one public hearing, in compliance with federal and NDOT requirements. The in-person events will be supplemented by online versions, in response to COVID concerns. Notifications as follows, per meeting/hearing (note: dates are estimated and can be adjusted to accomplish noticing for combined in-person/virtual events):
 - a. R-J ad: 15 days prior to meeting/hearing; the day prior to meeting/hearing; and day of meeting/hearing.
 - b. One advertisement in local minority newspaper, El Tiempo.
 - c. Letter/mailer: two weeks prior to meeting/hearing.
 - d. E-blast via NDOT channels (NDOT to send).
 - e. With both events being supplemented with virtual components, online users will be able to access information for an extended period of time, and digital noticing and targeted social media will help drive users to the site.
5. Create supportive materials for public meeting/hearing (handouts, display boards, presentations, and reports including official record via court reporter). Materials can be used for project website landing page.
6. Provide bilingual (English and Spanish) notices and comment forms.
7. Work with NDOT to maintain project website landing page.

Deliverables

1. Public involvement plan.
2. Public meeting/hearing materials: one public meeting and one public hearing:
 - a. Notices/advertisements (mailer and newspaper, English and Spanish).
 - b. Handouts (welcome letter, project fact sheet, PDF of presentation, PDF of display boards, and comment forms [English and Spanish]).
 - c. Meeting summary report (within 30 days of meeting conclusion), which will include comment/response matrix.

**HENDERSON INTERCHANGE FEASIBILITY STUDY
PUBLIC INFORMATION MEETING SUMMARY
VIRTUAL MEETING: JULY 6 – AUGUST 5, 2021
IN-PERSON MEETING: JULY 22, 2021**

PROJECT OVERVIEW

On July 22, 2021, the Nevada Department of Transportation (NDOT) held an in-person public meeting on the potential improvements of the Henderson Interchange project. Also, a virtual meeting site for the project was active from July 6 through August 5, 2021.

The Henderson Interchange was constructed between 2004-2006, when Clark County had a population of approximately 1.5 million residents. With the County’s population increase to more than 2.2 million, the interchange needs to be improved to accommodate increased traffic demands. The Henderson Interchange Project is needed to address roadway deficiencies that could contribute to crashes and travel delays, restore connectivity, and accommodate regional and local plans. Traffic safety will further degrade as higher crash rates are experienced in and around the Henderson Interchange.

Study Area

The study area limits are from Galleria Drive on I-515 to Horizon Drive on I-11, and from Valle Verde Drive on I-215 to Van Wagenen Street on Lake Mead Parkway.

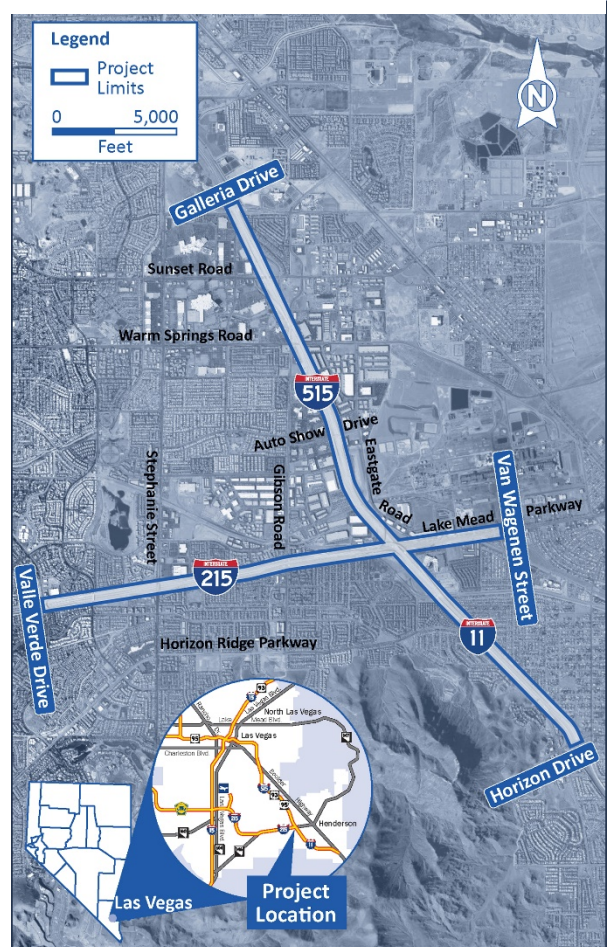

Project Purpose/Benefits

The purpose of the project is to:

- Resolve existing roadway deficiencies in the Henderson Interchange and surrounding roadways
- Provide transportation improvements to serve existing and future growth areas
- Restore local traffic connectivity
- Accommodate regional and local plans

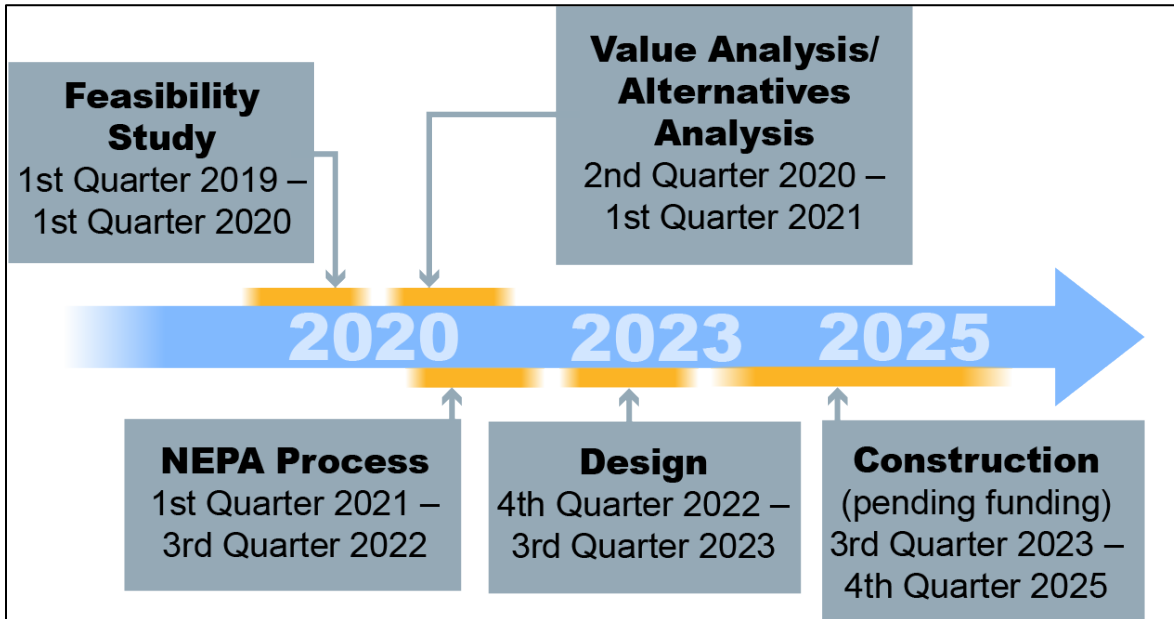

Existing Henderson Interchange

Study Area

Schedule

We are currently in the National Environmental Policy Act (NEPA), or environmental phase of the project. Once the NEPA study is complete, final design, right-of-way acquisition, and construction may proceed.

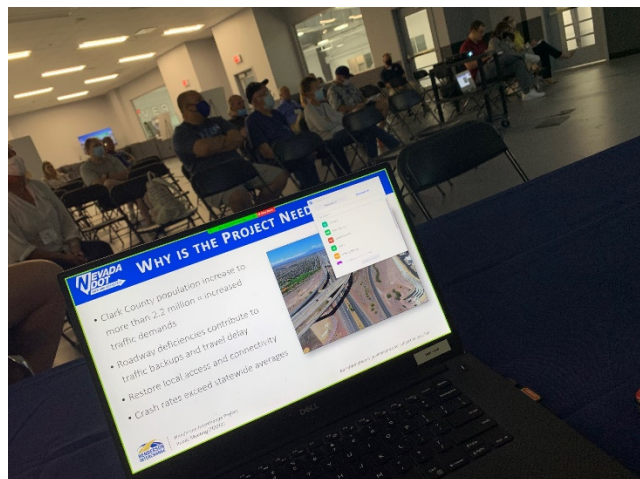

Anticipated Schedule (Subject to Revision)

MEETING LOGISTICS

The public involvement (PI) team, comprised of NDOT and consultant personnel, identified the dates for the virtual and in-person meetings. The Lifeguard Arena’s Center Ice Room was reserved for the July 22 in-person meeting, and the team launched the virtual meeting on July 6 via this link: www.henderson-interchange.com

The in-person meeting was arranged and held on July 22, 2021, from 4 p.m. to 7 p.m., with a project presentation at 5:30 p.m.

NOTIFICATIONS

The PI team coordinated and disseminated the following notifications to team members, stakeholders, and the public:

1. E-blasts to internal project team and NDOT’s agency distribution lists (included in appendix).
2. An Intent to Study Letter (English and Spanish), printed and distributed to approximately 28,000 homes/businesses via United States Postal Service first-class postage (included in appendix).
3. Meeting notification posting on local agency websites and on NDOT’s public information web page.
4. Notices in the *Las Vegas Review-Journal* main news section on June 27, July 6, July 21, and July 22, in addition to notices in *El Tiempo* on July 7 and July 14. The newspaper ads were accompanied by a robust digital ad program running from July 13 – August 5.
5. NDOT press release and associated social media coverage.

Intent-to-Study
Henderson Interchange
Henderson, NV

To Whom It May Concern:

The Nevada Department of Transportation (NDOT) and the Federal Highway Administration (FHWA), in cooperation with the City of Henderson, are proposing to improve traffic operations at the Interstate 515 (I-515) and Interstate 11 (I-11) interchange between Galleria Drive and Horizon Drive and at the Interstate 215 (I-215) interchange from Valle Verde Drive to Van Wagenen Street on Lake Mead Parkway. The proposed project’s goals are to improve safety, freeway operations, regional mobility, and air quality and to reduce travel delays.

In compliance with the National Environmental Policy Act of 1969 (NEPA), NDOT is initiating the preparation of a study to evaluate and document the proposed project’s potential impacts. This letter is to inform you of the current study and to solicit your input to assist the project team in further identifying the purpose and need for the project, addressing your concerns about potential impacts, and to inform the project team about potential mitigation measures to consider. Resources addressed include, but are not limited to:

• Access	• Traffic Noise
• Air Quality	• Public Parks and Recreation Areas
• Archeology	• Safety
• Environmental Justice	• Socioeconomic Considerations
• Geology	• Visual Resources
• Hazardous Materials	• Water Quality and Hydrology
• Historic Properties	• Wildlife
• Land Use	

To best accommodate attendees, NDOT is hosting an in-person meeting on July 22, 2021, coupled with a virtual meeting from July 6 through August 5, 2021. The virtual meeting will be available 24 hours a day via the internet at www.dot.nv.gov/projects-programs/transportation-projects/henderson-interchange. The in-person meeting location is the Lifeguard Arena, Center Ice Room, 222 S Water Street, Henderson, NV 89015. The in-person meeting time will be 4:00 – 7:00 p.m., with a project presentation scheduled for 5:30 p.m. For those unable to attend in person or access the virtual meeting, public access to computers and hard copies of the presentation will be available at the James I Gibson Library, 100 West Lake Mead Parkway, Henderson, NV 89015.

Comments or questions regarding the proposed project may be submitted to David Bowers, PE, Project Manager, NDOT, 123 E. Washington Street, Las Vegas, NV 89101, via the project hotline at (702) 582-9933, or email at henderson.interchange@dot.nv.gov. We appreciate receiving any comments you may have about this project by August 5, 2021.

Sincerely,

David Bowers, PE, NDOT Project Manager

Intención de Estudiar
El Intercambio de Henderson
Henderson, NV

A Quien Le Interese:

El Departamento de Transportación de Nevada (NDOT) y la Administración Federal de Autopistas (FHWA), en cooperación con la Ciudad de Henderson, están proponiendo mejorar operaciones de la autopista a el intercambio de la Interestatal 515 (I-515) y la Interestatal 11 (I-11) entre Galleria Drive y Horizon Drive y en el intercambio de la interestatal 215 (I-215) desde Valle Verde Drive hasta Van Wagenen Street en Lake Mead Parkway. Las metas del proyecto propuesto son mejorar la seguridad, operaciones de la autopista, la movilidad regional, calidad del aire y reducir la demoras de viaje.

En cumplimiento con el Acto Nacional de Poliza Ambiental de 1969, NDOT esta preparando el inicio de un estudio para evaluar y documentar los impactos medioambientales del proyecto propuesto. Esta carta es para informarle del estudio y solicitar su opinión para asistir el equipo del proyecto mejor identificar el propósito y necesidad del proyecto, abordar sus preocupaciones de impactos posibles, y para informar el equipo del proyecto sobre de posibles medidas de mitigación para considerar. Recursos abordados incluyen, pero no se limitan a:

• Acceso	• Ruido de Tráfico
• Calidad del Aire	• Parques Públicos y Áreas Recreativas
• Arqueología	• Seguridad
• Justicia Medioambiental	• Consideraciones Rocioeconómicas
• Geología	• Recursos Visuales
• Materiales Peligrosos	• Calidad de Agua y Hidrología
• Propiedades Históricas	• Fauna Silvestre
• Uso de Terreno	

Para acomodar mejor a los que asistieran, NDOT alojara una junta en persona el 22 de Julio, 2021, en conjunto con una junta virtual disponible desde el 6 de Julio hasta el 5 de Agosto, 2021. La junta virtual estará disponible por el internet 24 horas al día aquí: www.dot.nv.gov/projects-programs/transportation-projects/henderson-interchange. La ubicación de la junta en persona será en el Lifeguard Arena, cuarto Center Ice, 222 S Water Street, Henderson, NV 89015 El tiempo de la junta en persona será de las 4 pm hasta las 7 pm con una presentación programada para las 5:30 pm. Para los que no podrán atender en persona tener acceso a la junta virtual, seran disponibles copias de papel de la presentación y acceso a computadoras publicas en la Biblioteca James I Gibson, 100 West Lake Parkway, Henderson, NV 89015.

Comentarios o preguntas sobre el proyecto propuesto pueden ser sometidos a David Bowers, PE, Gerente del Proyecto, NDOT, 123 E. Washington Street, Las Vegas, NV 89101, via la línea telefónica al (702) 582-9933, o por correo electrónico a la dirección henderson.interchange@dot.nv.gov. Apreciamos recibir cualquier comentario que tenga sobre el proyecto antes del 5 de Agosto 2021.

Sinceramente,

David Bowers, PE, Gerente de Proyecto de NDOT

PRESS RELEASE

Henderson Interchange Project Public Information In-Person Meeting July 22

HENDERSON, NEV. – The Nevada Department of Transportation (NDOT) and the Federal Highway Administration (FHWA), in cooperation with the City of Henderson, is holding an in-person public information meeting about the Henderson Interchange project on Thursday, July 22, at the Lifeguard Arena, Center Ice Room at 222 S. Water Street in downtown Henderson from 4 p.m. – 7 p.m. It will be an open house style meeting with displays and project staff available to answer questions with a presentation at 5:30 p.m. A live streaming option will also be available at: www.dot.nv.gov/hendersoninterchange.

The Henderson Interchange project is anticipated to improve safety, freeway operations, and regional mobility, as well as enhance air quality and to reduce travel delays. NDOT is preparing a study to evaluate and document the proposed project's potential environmental impacts following a Planning and Environmental Linkages (PEL) feasibility study completed in 2020. Decisions made from this environmental study will guide the final design and eventually construction.

Meanwhile, residents can still participate in the 24/7 virtual public meeting through August 5 at www.dot.nv.gov/hendersoninterchange, making comments via the website, in-person, written or by email to henderson.interchange@dot.nv.gov through August 5. For additional information, contact NDOT Project Manager David Bowers at 123 E. Washington Avenue, Las Vegas, NV 89101 or via the project phone: (702) 582-9933.

Requests for auxiliary aids, disability services or limited English proficiency should be made with as much advance notice as possible to NDOT Public Hearings Officer Cassie Mlynarek at (702) 232-5288 or email cmlynarek@dot.nv.gov

Press Release

TRANSPORTATION NOTICE PUBLIC INFORMATION MEETING FOR HENDERSON INTERCHANGE

PURPOSE OF MEETING: The Nevada Department of Transportation (NDOT), and the Federal Highway Administration (FHWA), in cooperation with the City of Henderson, invites you to attend a public information meeting for the Henderson Interchange project. In compliance with the National Environmental Policy Act of 1969 (NEPA), NDOT is initiating the preparation of a study to evaluate and document the proposed project's potential environmental impacts. This study is the continuation of a Planning and Environmental Linkages (PEL) feasibility study completed in 2020. Decisions made as part of this NEPA study will lead to final design and ultimately construction.

PROJECT BENEFITS: The Henderson Interchange project's goals are to improve safety, freeway operations, regional mobility, and air quality and to reduce travel delays.

WHEN AND WHERE: To best accommodate attendees, NDOT is hosting an in-person meeting on July 22, 2021, coupled with a virtual meeting from July 6 through August 5, 2021. The virtual meeting will be available 24 hours a day via the internet at www.dot.nv.gov/hendersoninterchange. The in-person meeting location is the Lifeguard Arena, Center Ice Room, 222 S. Water Street, Henderson, NV 89015. The in-person meeting time will be 4:00 – 7:00 p.m., with a project presentation scheduled for 5:30 p.m. For those unable to attend in person or access the virtual meeting, public access to computers and hard copies of the presentation will be available at the James I. Gibson Library, 100 West Lake Mead Parkway, Henderson, NV 89015.

WHERE YOU COME IN: Members of the public are encouraged to attend at their convenience on July 22, or any time over the 30-day virtual meeting period (July 6 – August 5). In addition to any comments received via the virtual meeting website, in-person, written, or emailed comments will be accepted through August 5, 2021. Please email your comments to henderson.interchange@dot.nv.gov. You may also mail your comments using the contact information below.

IF RIGHT-OF-WAY IS NEEDED: The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 will govern the acquisition of right-of-way that may be necessary for this project. More detailed information regarding right-of-way can be obtained from the NDOT's Right-of-Way Division, 1263 S. Stewart Street, Carson City, NV 89712, or by calling (775) 888-7400.

CONTACT: David Bowers, PE, Project Manager, 123 E. Washington Avenue, Las Vegas, NV 89101 (702) 582-9933 (Project Hotline), henderson.interchange@dot.nv.gov.

SPECIAL ACCOMMODATION REQUESTS: Reasonable efforts will be made to assist and accommodate persons with disabilities desiring to attend the meeting. Requests for auxiliary aids or services to assist individuals with disabilities or limited English proficiency should be made with as much advance notice as possible to Cassie Mlynarek, NDOT Public Hearings Officer, at (702) 232-5288 or email at cmlynarek@dot.nv.gov.

Social Media Coverage

WEBSITE

The PI team worked with NDOT to update the Henderson Interchange landing page on NDOT’s website (www.nevadadot.com/hendersoninterchange) to include project overview, purpose/need, schedule, area map, and other resources.

Project Alternatives

The environmental study is evaluating the No Build Alternative and the Build Alternative. The No Build Alternative would take no action to address the existing deficiencies and safety concerns within the project limits. The Build Alternative is a crossover style interchange with the east-west highway directions crossing each other at special grade separation structures east and west of the central interchange.

Project Costs

Project costs for the Build Alternative are estimated to be approximately \$261.4 million. Further refinement of the design will bring more specific cost estimates.

Public/Stakeholder Involvement

Public and stakeholder involvement are integral components of the planning and environmental processes. State, local, and federal agencies as well as property owners, residents, and business owners will be actively engaged in a public review process and provided opportunity for input and comment. Public/stakeholder involvement and outreach will continue throughout the environmental review, design, and construction phases.

Click [here](#) to send us an email and let us know that you'd like to sign up for project updates (please provide your name and email address).

NDOT Website Landing Page

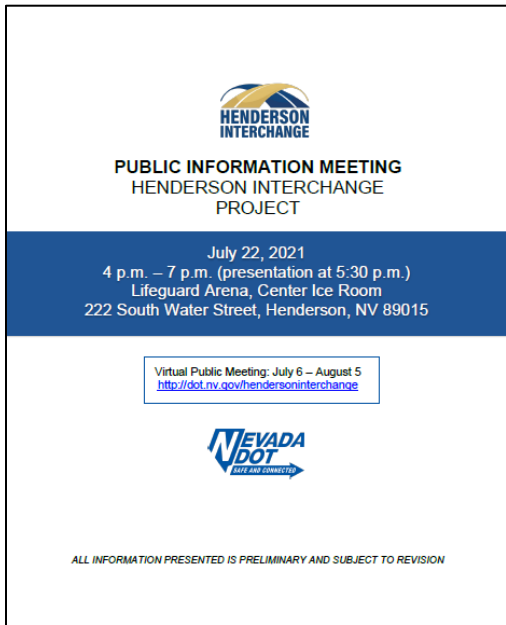

The team also created, maintained, and hosted the virtual meeting site (henderson-interchange.com)

The screenshot shows the virtual public meeting website interface. At the top, there is a navigation bar with the Henderson Interchange logo on the left, a "Site Language" selector with buttons for "Español" and "English", and the Nevada DOT logo on the right. Below the navigation bar is a vertical sidebar menu with buttons for: WELCOME, PROJECT OVERVIEW, WHAT IS NEPA?, CONSIDERATIONS, ALTERNATIVES DEVELOPMENT, NEPA ALTERNATIVES REFINEMENT, BUILD ALTERNATIVE (highlighted in orange), SCHEDULE, RESOURCES, STAY INFORMED, and NEIGHBORHOOD FEEDBACK. At the bottom of the sidebar are buttons for "BACK TO TOP", "NEXT", and "BACK". The main content area features a large heading "PROJECT ANIMATIONS" and a scrollable list of video thumbnails. The first video thumbnail is titled "Drive I-11 to Auto Show Drive" and shows a 3D perspective view of a highway interchange with a play button overlay. Text descriptions for each video are provided to the left of the thumbnails.

Virtual Public Meeting Website

MATERIALS

The team prepared a PowerPoint presentation, 36-inch by 48-inch display boards, and handouts for attendees. All of these materials are attached to this summary for reference. In addition to the standard presentation, stations were arranged around the room with display boards showing key technical information. Also, a video monitor was available with 3D modeled animations of traffic movements, for attendees to view. These models were also available on the virtual meeting website.

Slides from the Presentation

Public Comments Received

Comments	Responses
Two Public Information Meetings were held (March 27 and December 5, 2019) during preparation of the Feasibility Study. Two main concerns/issues were raised: 1. Westbound Lake Mead Parkway to I-215 lane "drop" 2. Barrier preventing access from Lake Mead Parkway to Gibson Road	The Build Alternative addresses both concerns/issues: 1. Westbound Lake Mead Parkway – 2 through-lanes to I-215 (View 1) 2. Access restored for westbound Lake Mead Parkway to Gibson Road (View 2)

Build Alternative View 1

Two through-lanes to I-215 from westbound Lake Mead Parkway

Build Alternative View 2

Access to Gibson Road via westbound Lake Mead Parkway

Public Meeting 7/22/21 Henderson Interchange Project

Sample Display Board

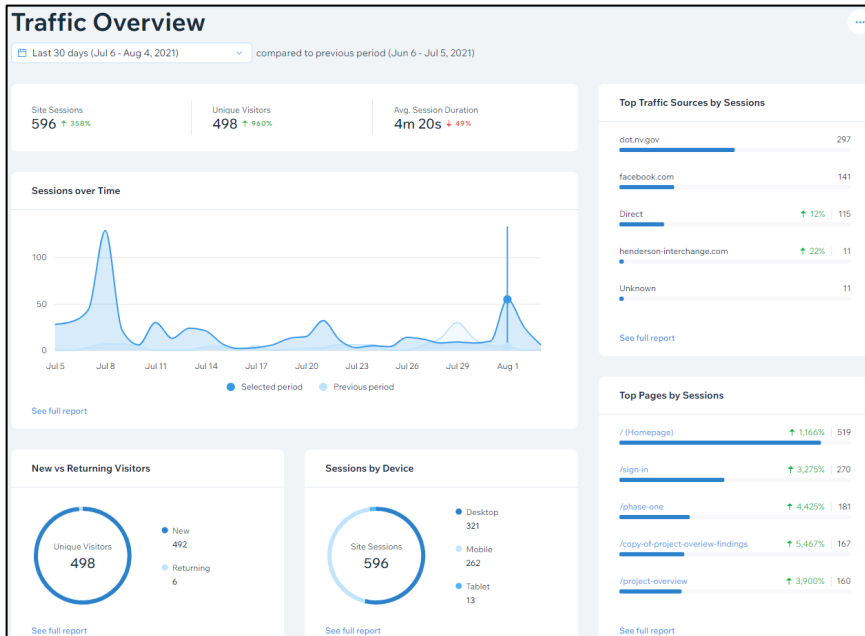

ATTENDANCE

According to the sign-in sheets attached to this document, 42 people attended the in-person meeting. A livestream of the presentation was also conducted, with 15 people joining. Final statistics for the virtual meeting are illustrated below.

Open House and Presentation

Henderson Interchange Public Information Meeting Summary
July 6 – August 5, 2021 (Virtual Meeting)
July 22, 2021 (In-person Meeting)

Final Virtual Meeting Attendance Statistics

Attendees had several ways to get involved, ask questions, and provide comments:

1. Before and after the PowerPoint presentation, project team personnel were available at the display boards to answer questions and provide technical information.
2. Attendees participated in a question/answer session after the project presentation.
3. At a designated station with project personnel, attendees viewed an interactive video animation and discussed traffic movements and interchange configurations for each option.
4. The comment forms, attached to this file and part of the handout package, allowed attendees to provide written comments.
5. The court reporter was available throughout the entire meeting to take official comments for the project record.
6. Attendees were provided the email, website, and mailing address contact information.
7. The project presentation was live-streamed via Zoom, where attendees could see and hear the presentation online.

All official comments/questions and answers were compiled and are available as an attachment to this document. Also, the full transcript from the court reporter is attached to this document.

Henderson Interchange Project Public Information Meeting

David Bowers, PE, NDOT Project Manager
July 22, 2021

WHAT CAN I EXPECT TONIGHT?

- Updated project information
- Project timeline
- Opportunity to submit comments
- Discussion with project staff

Virtual Public Meeting: July 6 – August 5
<http://dot.nv.gov/hendersoninterchange>

WHAT IS THE PROJECT AREA?

Study area limits:

- Valle Verde Drive to the west, Van Wagenen Street to the east, Galleria Drive to the north, and Horizon Drive to the south

WHY IS THE PROJECT NEEDED?

- Clark County population increase to more than 2.2 million = increased traffic demands
- Roadway deficiencies contribute to traffic backups and travel delay
- Restore local access and connectivity
- Crash rates exceed statewide averages

WHAT IS THE PROJECT'S PURPOSE?

- Resolve existing roadway deficiencies in the Henderson Interchange and surrounding roadways
- Provide transportation improvements to serve existing and future growth areas
- Restore local traffic connectivity
- Accommodate regional and local plans

WHAT IS NEPA?

- NEPA is the National Environmental Policy Act (1969), requiring federal agencies to assess the environmental effects of proposed actions before making decisions
- Using the NEPA process, agencies evaluate the environmental, social, and economic effects of proposed actions. Agencies also provide opportunities for public review and comment on those evaluations

- Access
- Air Quality
- Archaeology
- Environmental Justice
- Geology
- Hazardous Materials
- Historic Properties
- Land Use
- Traffic Noise
- Public Parks and Recreation Areas
- Safety
- Socioeconomic Considerations
- Visual Resources
- Water Quality and Hydrology
- Wildlife

Feasibility Study

- Completed in February 2020
- Included 37 ideas, combined into 3 alternatives
- Resulted in 2 alternatives, Option 1 and Option 2, recommended for further study

Option 1

- Existing interchange style retained
- Ramp and freeway reconstruction with additional lanes to accommodate 2040 traffic volumes

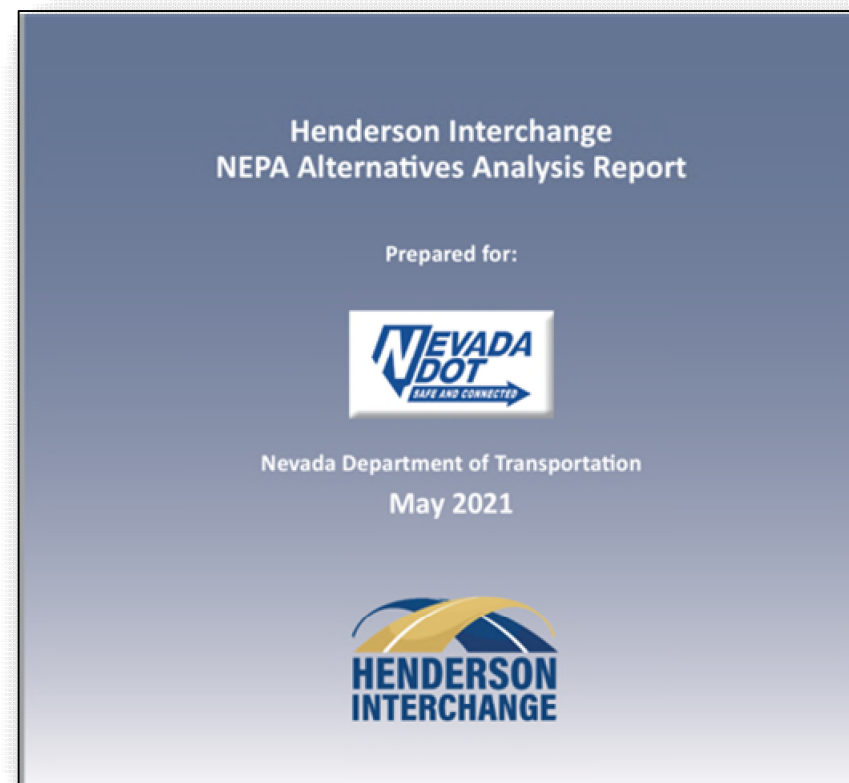

Option 2

- Crossover style interchange with ramps and freeway widened to accommodate 2040 traffic volumes

Value Analysis Study and Alternatives Analysis Report

- Value Analysis Study for both Feasibility Study options completed August 2020
- Alternative Analysis Report completed May 2021
- Identified improvements designated as Option 2A and Option 3

Option 2A

- Modification of Option 2 crossover, where only the east-west roadways (I-215 and Lake Mead Parkway) cross over

HOW DID WE GET HERE?

Option 3

- Existing “core” interchange retained, with a flyover median connector added between I-515 and I-215

HOW DID WE GET HERE?

NEPA Alternatives Refinement – Weighted Scoring System

- Safety
- Traffic operations
- Performance
- Accessibility
- Capital cost
- Time to construct
- Environmental aspects
- Maintenance of traffic (phased construction)
- Additional general-purpose lane
- Operations & maintenance costs

OPTION 1	OPTION 2A	OPTION 3
Median Weighted Score 8.0/10	Highest Weighted Score 9.1/10 Recommended as Single Build Alternative	Lowest Weighted Score 7.4/10

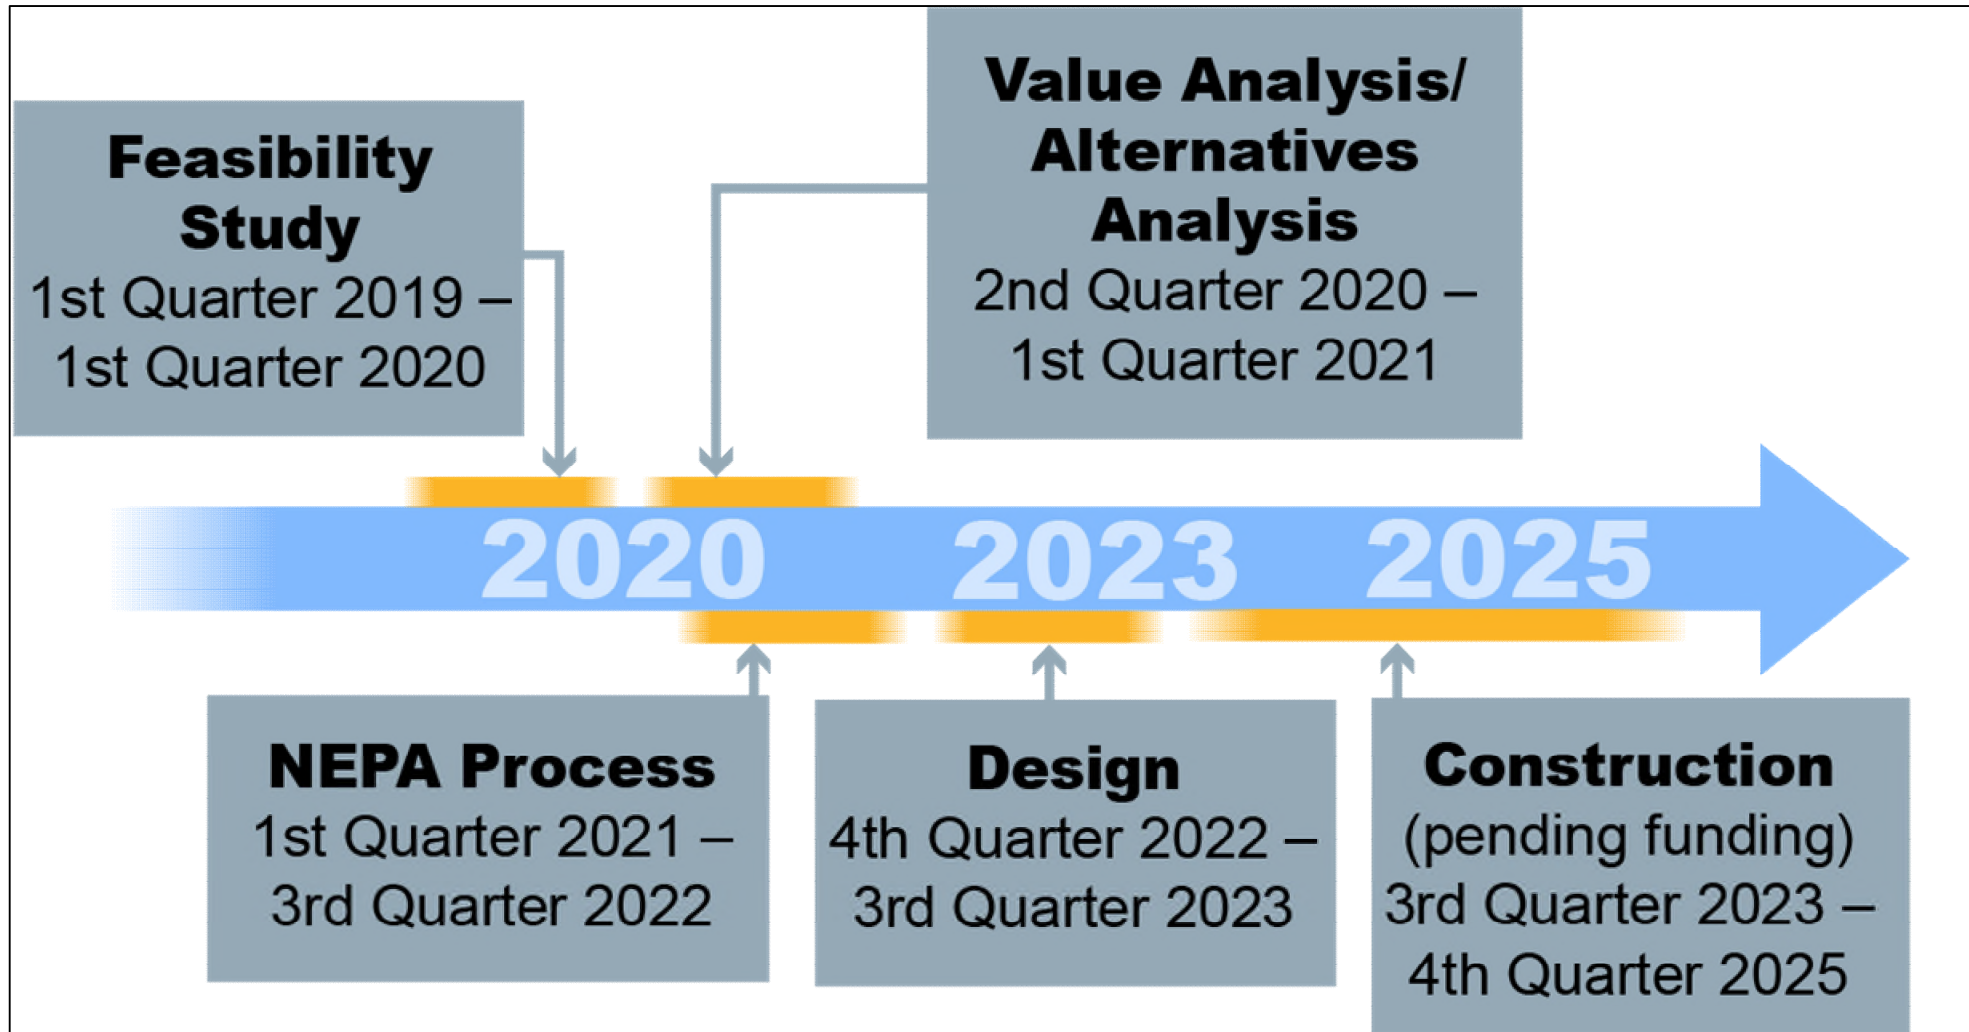

RECOMMENDATION FOR ONE BUILD ALTERNATIVE TO EVALUATE IN THE NEPA PROCESS

Option 2A – Build Alternative

- Crossover style interchange where the east-west roadways (I-215 and Lake Mead Parkway) cross over
- Reconnection of travel from Lake Mead Parkway to Gibson Road
- Connection of travel between I-215 and Auto Show Drive
- Auxiliary lanes on I-11 between Horizon Drive and system interchange
- Arterial street improvements on Lake Mead Parkway

WHAT IS THE TIMELINE?

HOW DO I PROVIDE COMMENTS?

- Fill out a comment form included in your handout packet & place it in the comment box, or provide verbal comments tonight to the court reporter.
- Submit your comment form by mail:
David Bowers, PE, NDOT Project Manager
123 E. Washington Street, Las Vegas, NV 89101
- Send email to henderson.interchange@dot.nv.gov

Comments accepted until 5 p.m., August 5, 2021

HOW DO I STAY INVOLVED?

- Project website: <http://dot.nv.gov/hendersoninterchange>
 - Link to virtual public meeting (through August 5, 2021)
 - Project history, resource links, and contact information
 - Information for public hearing – towards project completion
- Project phone: (702) 582-9933 (leave a message)
- Project email: henderson.interchange@dot.nv.gov

222 South Water Street, Henderson, NV 89015

Virtual Public Meeting: July 6 – August 5
<http://dot.nv.gov/hendersoninterchange>

ALL INFORMATION PRESENTED IS PRELIMINARY AND SUBJECT TO REVISION

July 22, 2021

Welcome:

Thank you for attending this informational meeting regarding the Henderson Interchange project. In compliance with the National Environmental Policy Act of 1969 (NEPA), the Nevada Department of Transportation (NDOT) is preparing a study to evaluate and document the proposed project's potential impacts. This meeting is an opportunity to review proposed improvements developed by NDOT, in cooperation with the Federal Highway Administration and the City of Henderson. The proposed project's goals are to improve safety, freeway operations, regional mobility, and air quality and to reduce travel delays.

This meeting will be open-house format from 4 to 7 p.m, with a brief project presentation at 5:30 p.m. Before and after the presentation, you can view displays and individually discuss the interchange with project representatives.

You can provide input in several ways:

1. During the open-house portion of the meeting, you may make an oral statement to the court reporter, who will be available throughout the entire meeting.
2. You may fill out the comment form attached to this handout and deposit it in the comment box or give the completed form to one of the project representatives.
3. The public meeting record will remain open for two weeks following this meeting. If you would prefer to write a letter or mail your completed comment form and any exhibits, these will become part of the public transcript for this meeting if received by August 5, 2021, at this address:

David Bowers, PE, Project Manager
NDOT
123 E. Washington Street
Las Vegas, NV 89101

4. You may email your comments to henderson.interchange@dot.nv.gov. Email comments will be accepted until 5 p.m., August 5, 2021.
5. Through August 5, 2021, you can access the project's virtual public meeting site via dot.nv.gov/hendersoninterchange, where you can sign up for project updates, view materials and videos, and provide comments/questions.

Thank you for attending this informational meeting and for your interest in this project.

Sincerely,

David Bowers, PE, Project Manager
NDOT

HENDERSON INTERCHANGE

BACKGROUND

The Nevada Department of Transportation (NDOT), along with the Federal Highway Administration (FHWA) and other project partners, has begun the National Environmental Policy Act (NEPA) process for the Henderson Interchange Project. The NEPA study will evaluate improvements to the interchange and provide in-depth analysis of the potential environmental impacts that may occur as a result of those improvements.

STUDY AREA

The study area limits are from Galleria Drive on I-515 to Horizon Drive on I-11, and from Valle Verde Drive on I-215 to Van Wagenen Street on Lake Mead Parkway.

WHY IS THE PROJECT NEEDED?

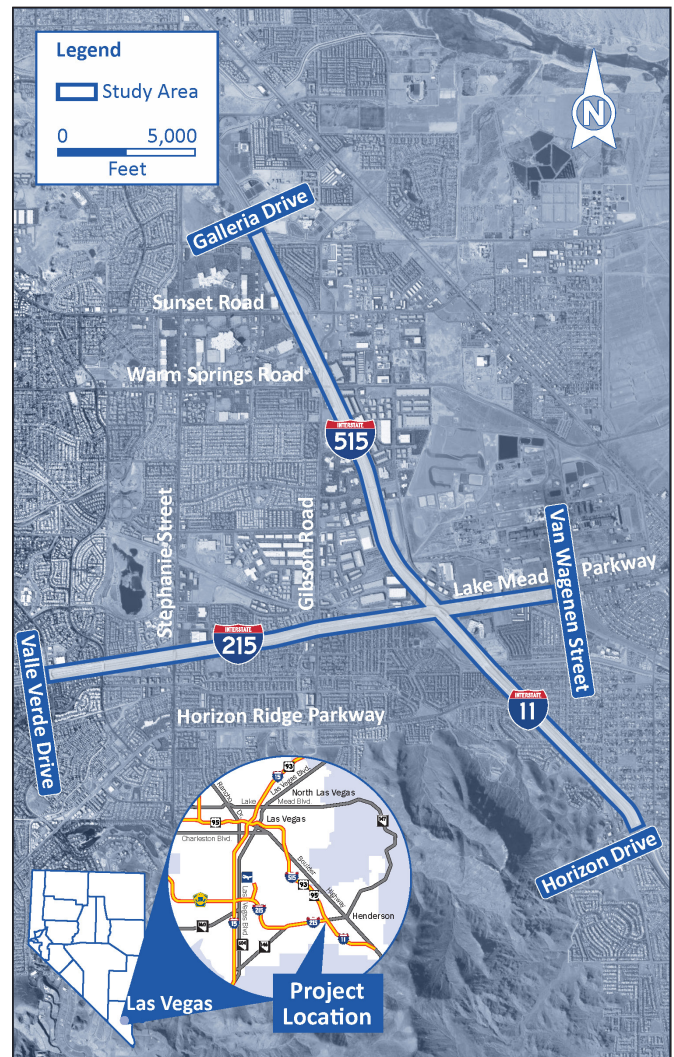

The Henderson Interchange was constructed between 2004-2006, when Clark County had a population of approximately 1.5 million residents. With Clark County's population increase to more than 2.2 million, the interchange needs to be improved to accommodate increased traffic demands. The Henderson Interchange Project is needed to address roadway deficiencies that could contribute to crashes and travel delays, restore connectivity, and accommodate regional and local plans. Traffic safety will further degrade as higher crash rates are experienced in and around the Henderson Interchange.

PURPOSE OF THE PROJECT

- Resolve existing roadway deficiencies in the Henderson Interchange and surrounding roadways
- Provide transportation improvements to serve existing and future growth areas
- Restore local traffic connectivity
- Accommodate regional and local plans

PROJECT ALTERNATIVES

The environmental study is evaluating the No Build Alternative and the Build Alternative. The No Build Alternative would take no action to address the existing deficiencies and safety concerns within the project limits. The Build Alternative is a crossover style interchange with the east-west highway directions crossing each other at special grade separation structures east and west of the central interchange.

HENDERSON INTERCHANGE

PROJECT COSTS

Project costs for the Build Alternative are estimated to be approximately \$261.4 million. Further refinement of the design will bring more specific cost estimates.

ANTICIPATED TIMELINE

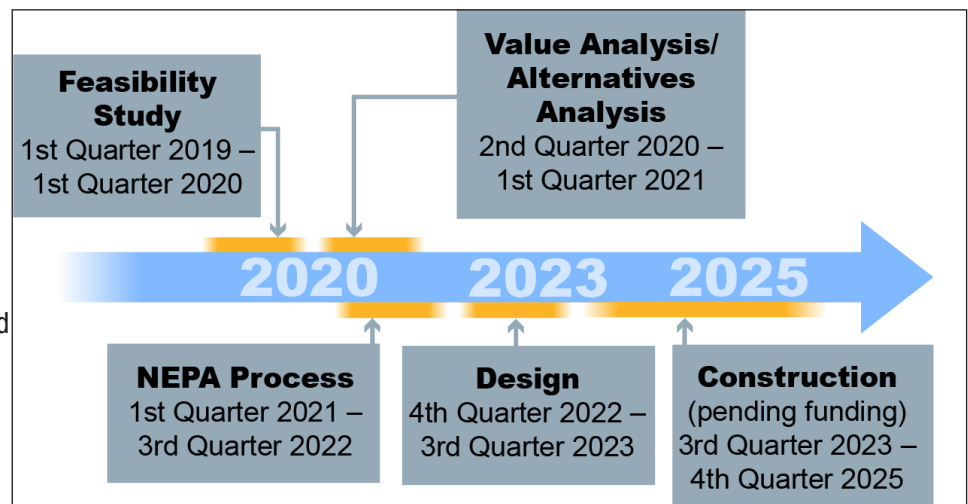

We are currently in the NEPA (Environmental) phase of the project. Once the NEPA study is complete, final design, right-of-way acquisition, and construction may proceed.

Henderson Interchange Project Public Information Meeting

David Bowers, PE, NDOT Project Manager
July 22, 2021

WHAT CAN I EXPECT TONIGHT?

- Updated project information
- Project timeline
- Opportunity to submit comments
- Discussion with project staff

Virtual Public Meeting: July 6 – August 5
<http://dot.nv.gov/hendersoninterchange>

WHAT IS THE PROJECT AREA?

Study area limits:

- Valle Verde Drive to the west, Van Wagenen Street to the east, Galleria Drive to the north, and Horizon Drive to the south

WHY IS THE PROJECT NEEDED?

- Clark County population increase to more than 2.2 million = increased traffic demands
- Roadway deficiencies contribute to traffic backups and travel delay
- Restore local access and connectivity
- Crash rates exceed statewide averages

WHAT IS THE PROJECT'S PURPOSE?

- Resolve existing roadway deficiencies in the Henderson Interchange and surrounding roadways
- Provide transportation improvements to serve existing and future growth areas
- Restore local traffic connectivity
- Accommodate regional and local plans

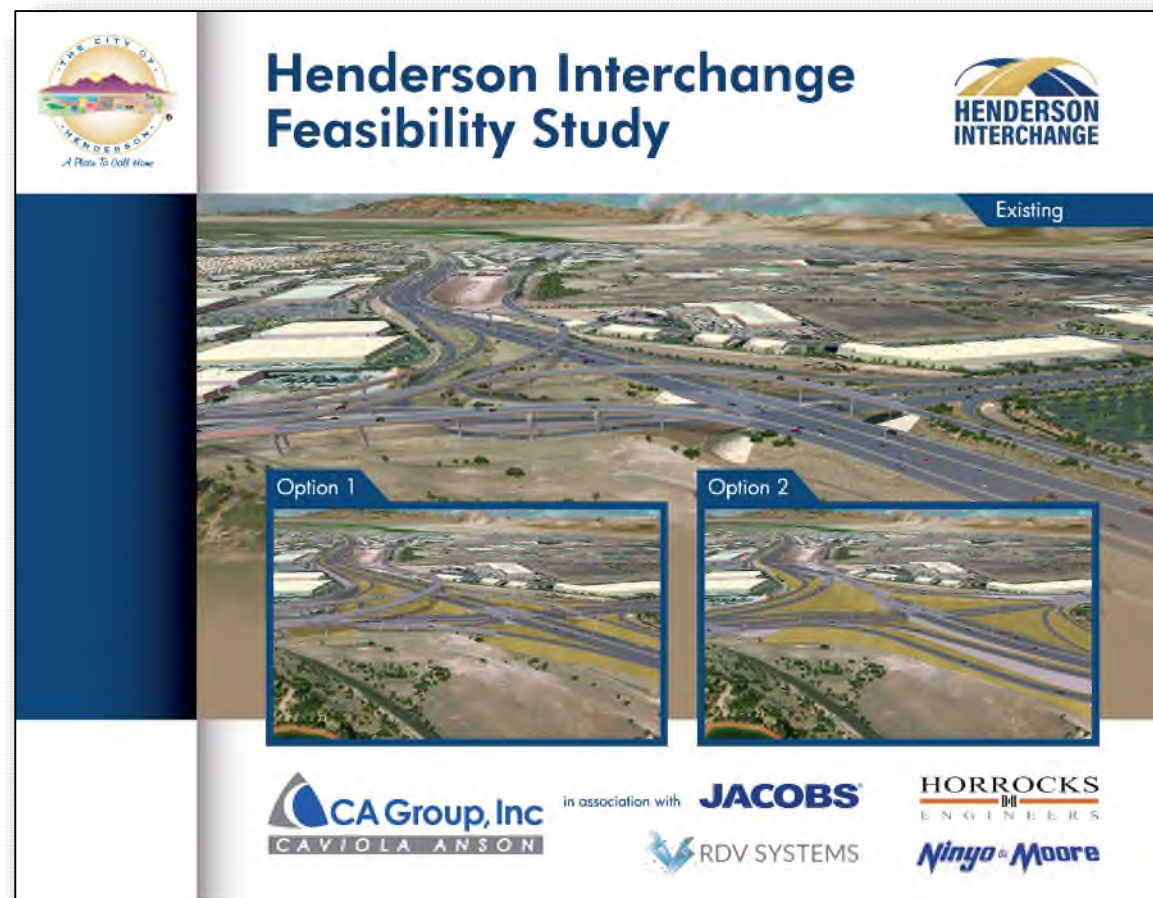

WHAT IS NEPA?

- NEPA is the National Environmental Policy Act (1969), requiring federal agencies to assess the environmental effects of proposed actions before making decisions
- Using the NEPA process, agencies evaluate the environmental, social, and economic effects of proposed actions. Agencies also provide opportunities for public review and comment on those evaluations

- Access
- Air Quality
- Archaeology
- Environmental Justice
- Geology
- Hazardous Materials
- Historic Properties
- Land Use
- Traffic Noise
- Public Parks and Recreation Areas
- Safety
- Socioeconomic Considerations
- Visual Resources
- Water Quality and Hydrology
- Wildlife

Feasibility Study

- Completed in February 2020
- Included 37 ideas, combined into 3 alternatives
- Resulted in 2 alternatives, Option 1 and Option 2, recommended for further study

Option 1

- Existing interchange style retained
- Ramp and freeway reconstruction with additional lanes to accommodate 2040 traffic volumes

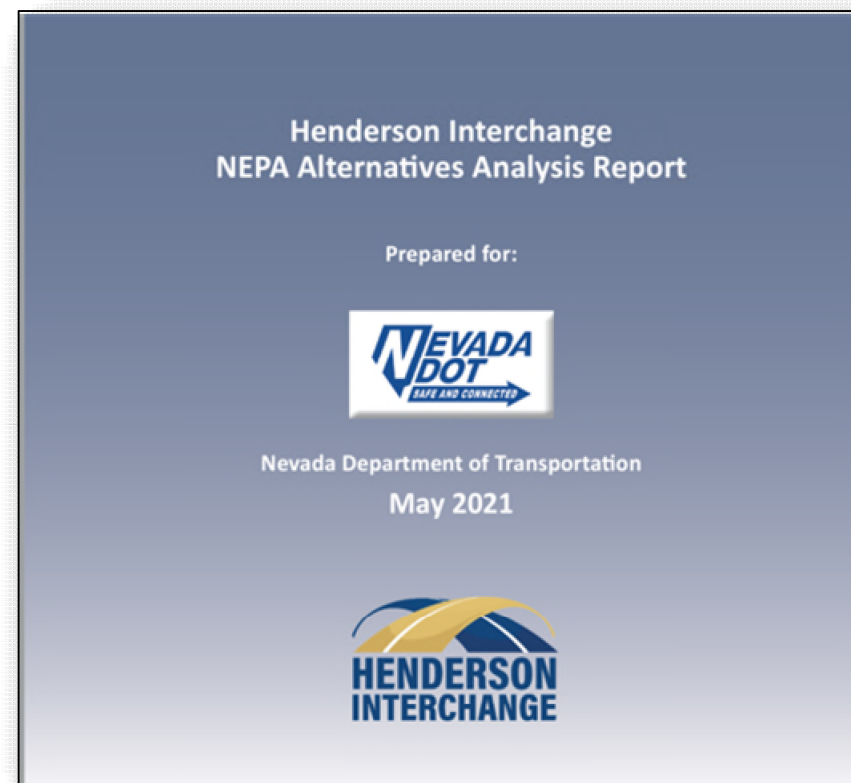

Option 2

- Crossover style interchange with ramps and freeway widened to accommodate 2040 traffic volumes

Value Analysis Study and Alternatives Analysis Report

- Value Analysis Study for both Feasibility Study options completed August 2020
- Alternative Analysis Report completed May 2021
- Identified improvements designated as Option 2A and Option 3

Option 2A

- Modification of Option 2 crossover, where only the east-west roadways (I-215 and Lake Mead Parkway) cross over

HOW DID WE GET HERE?

Option 3

- Existing “core” interchange retained, with a flyover median connector added between I-515 and I-215

HOW DID WE GET HERE?

NEPA Alternatives Refinement – Weighted Scoring System

- Safety
- Traffic operations
- Performance
- Accessibility
- Capital cost
- Time to construct
- Environmental aspects
- Maintenance of traffic (phased construction)
- Additional general-purpose lane
- Operations & maintenance costs

OPTION 1	OPTION 2A	OPTION 3
Median Weighted Score 8.0/10	Highest Weighted Score 9.1/10 Recommended as Single Build Alternative	Lowest Weighted Score 7.4/10

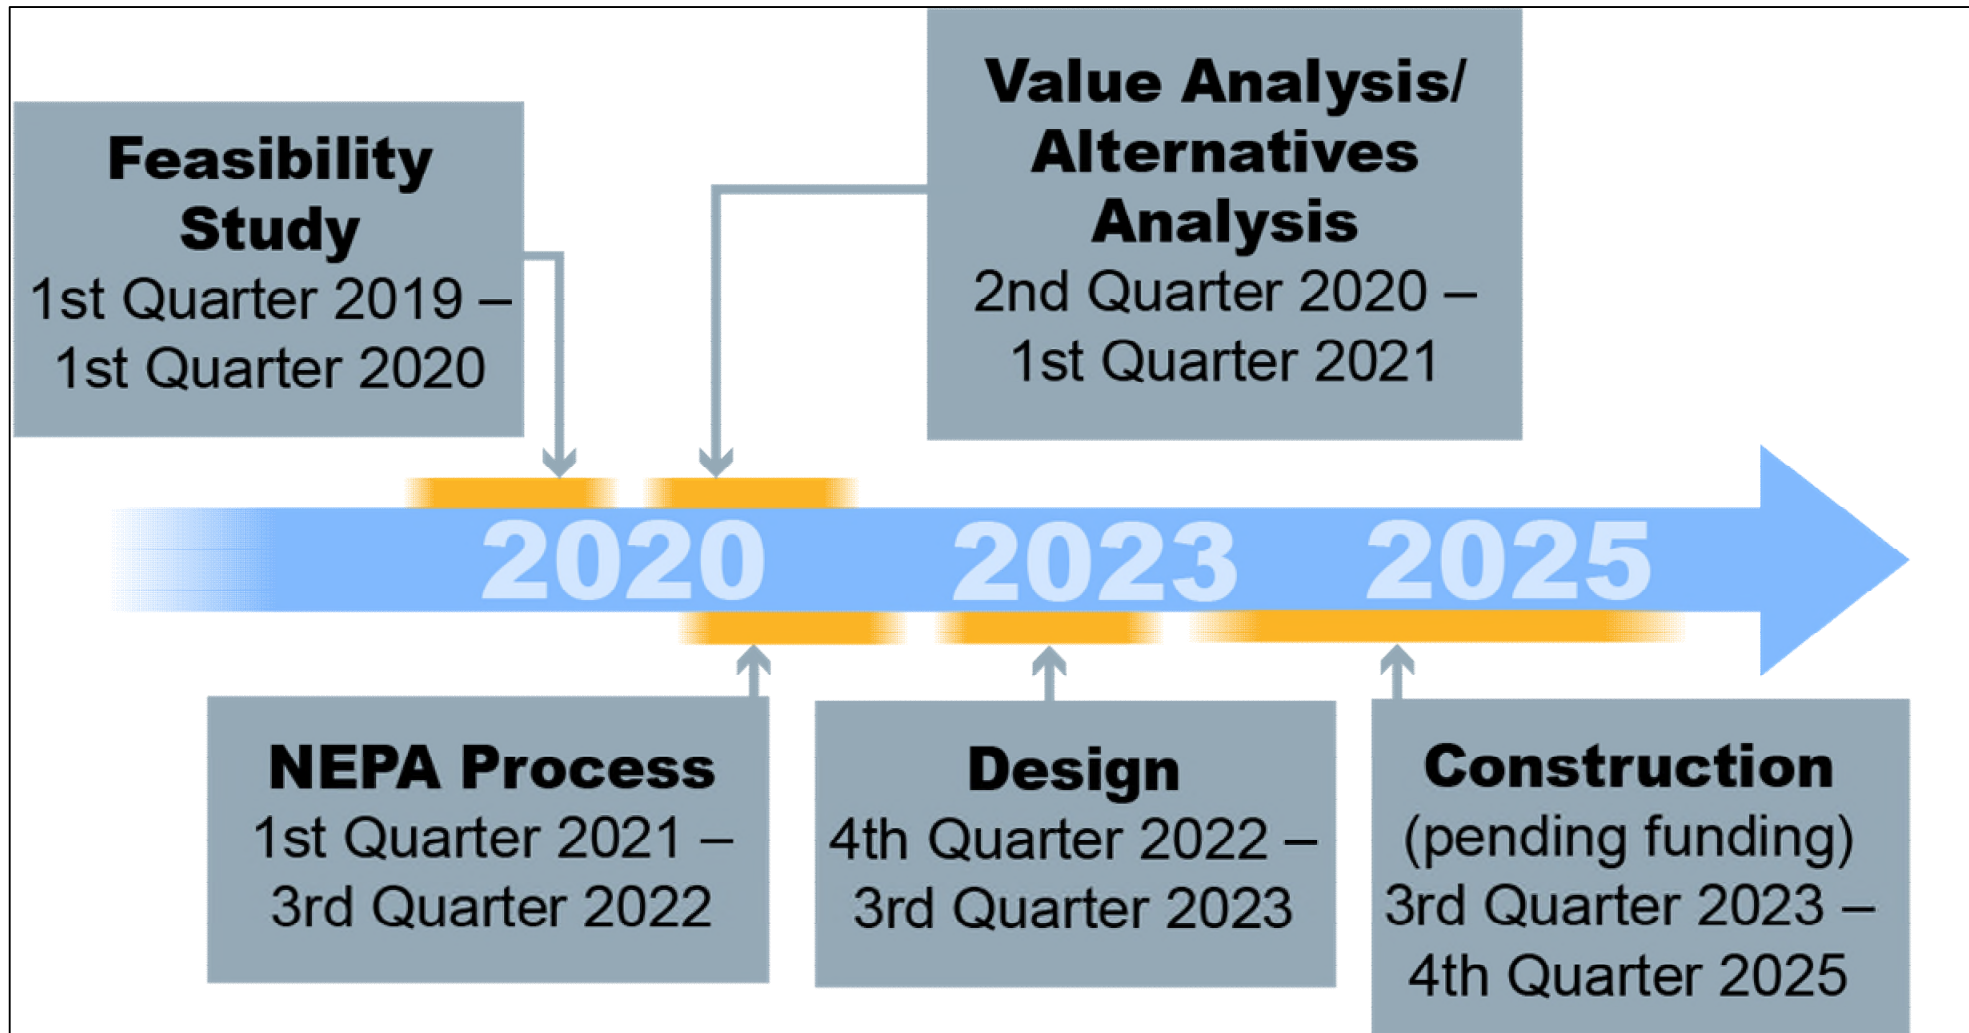

RECOMMENDATION FOR ONE BUILD ALTERNATIVE TO EVALUATE IN THE NEPA PROCESS

Option 2A – Build Alternative

- Crossover style interchange where the east-west roadways (I-215 and Lake Mead Parkway) cross over
- Reconnection of travel from Lake Mead Parkway to Gibson Road
- Connection of travel between I-215 and Auto Show Drive
- Auxiliary lanes on I-11 between Horizon Drive and system interchange
- Arterial street improvements on Lake Mead Parkway

WHAT IS THE TIMELINE?

HOW DO I PROVIDE COMMENTS?

- Fill out a comment form included in your handout packet & place it in the comment box, or provide verbal comments tonight to the court reporter.
- Submit your comment form by mail:
David Bowers, PE, NDOT Project Manager
123 E. Washington Street, Las Vegas, NV 89101
- Send email to henderson.interchange@dot.nv.gov

Comments accepted until 5 p.m., August 5, 2021

HOW DO I STAY INVOLVED?

- Project website: <http://dot.nv.gov/hendersoninterchange>
 - Link to virtual public meeting (through August 5, 2021)
 - Project history, resource links, and contact information
 - Information for public hearing – towards project completion
- Project phone: (702) 582-9933 (leave a message)
- Project email: henderson.interchange@dot.nv.gov

David Bowers, PE, NDOT Project Manager
henderson.interchange@dot.nv.gov | (702) 582-9933

Public Meeting
7/22/21

Henderson Interchange Project

Why is the Project Needed?

- Roadway deficiencies contribute to traffic backups and travel delay
- There is a need to restore local access and connectivity
- Crash rates exceed statewide averages

1 I-215 eastbound to I-11 southbound interchange ramp merges from 2 lanes to 1 lane. This merge results in vehicles waiting in line on the ramp and on I-215 east.

2 The weaving movement on I-215 westbound between the system interchange ramps and the Gibson Road off-ramp resulted in increased travel time and delay. In 2017, I-215 was re-striped and barriers were placed to prevent motorists on Lake Mead Parkway and I-215 West from exiting at Gibson Road. These barriers eliminated access for westbound motorists to exit at Gibson Road.

3 The weaving movement on I-215 eastbound between the Gibson Road on-ramp and the system interchange ramps results in increased travel time and delay. Traffic on eastbound I-215 experiences speeds as slow as 40 miles per hour during the PM peak period. This segment also exceeds statewide average for crashes.

4 The I-215 eastbound system ramp merges on to I-515 northbound, followed by the Auto Show Drive on-ramp merge. These ramp merges occur within about 1/4 mile and do not include an auxiliary or parallel merge lane. These successive merges result in traffic slowing to 50 miles per hour on the freeway.

5 Traffic exiting southbound I-11 to Horizon Drive extends to mainline I-11 as a result of deficiencies along Horizon Drive at the interchange.

6 The southbound I-515 to westbound I-215 system interchange ramp experiences substantial travel delay. Traffic backs up on southbound I-515 and blocks the on-ramp from Auto Show Drive.

7 Westbound Lake Mead Parkway drops from 2 lanes to 1 lane at the system interchange. This lane reduction results in traffic extending to the Lake Mead Parkway and Eastgate Road intersection. Lake Mead Parkway exceeds the statewide average crash rate for urban principal arterials.

Henderson Interchange Project

Public Comments Received

Comments

Two Public Information Meetings were held (March 27 and December 5, 2019) during preparation of the Feasibility Study. Two main concerns/issues were raised:

- 1. Westbound Lake Mead Parkway to I-215 lane “drop”
- 2. Barrier preventing access from Lake Mead Parkway to Gibson Road

Responses

The Build Alternative addresses both concerns/issues:

- 1. Westbound Lake Mead Parkway – 2 through-lanes to I-215 (View 1)
- 2. Access restored for westbound Lake Mead Parkway to Gibson Road (View 2)

Henderson Interchange Project

Alternatives Considered

The Henderson Interchange Feasibility Study was completed in February 2020. The study resulted in two alternatives, Option 1 and Option 2, recommended for further study. A Value Analysis Study for both Feasibility Study options was completed in August 2020, which identified improvements designated as Option 2A and Option 3.

Option 1

Existing interchange style retained
Ramp and freeway reconstruction with additional lanes to accommodate 2040 traffic volumes

Option 2

Crossover style interchange with ramps and freeway widened to accommodate 2040 traffic volumes

Option 2A

Modification of Option 2 crossover, where only the east-west roadways (I-215 and Lake Mead Parkway) cross over

Option 3

Existing “core” interchange retained, with a flyover median connector added between I-515 and I-215

Alternative Ranking – Weighted Scoring System

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Inbound	Email	When considering how to reduce traffic & pollution I would like to purpose that a light-rail system be reviewed. A light-rail system could easily moved residence about & benefit our air quality as well as move us into the 21 century. This would not only transport residence from work to home but reduce the already clogged roads & highways. When SLC was preparing for the Olympics they put in one track line'TRACKS' to be able to move massive amounts of people quickly and efficiently. The residence were not in favor of 'TRACKS' but NOW 19 years later they have extended their tracks & it is well used by both residence & visitors.	7/3/21 6:45 PM	Clara Munk		140 W Sherwood Dr		stand4ed@gmail.com	Resolved
Outbound	Email	[Reply from DB] Hello Ms. Munk, Thank you for your email about the Henderson Interchange and in particular about light rail. While this project's focus is improving safety, access, and mobility in a local valley freeway interchange, the Nevada Department of Transportation-along with partner agencies such as the Federal Highway Administration, Regional Transportation Commission of Southern Nevada, and local municipalities-continues to include light-rail options (in addition to other multimodal facilities) in planning for growth and mobility in southern Nevada. Perhaps the most complete source of information on light-rail, bus rapid transit, and other high-capacity transit options is www.rtcnv.com . Please check that site out for more information. Of course, we would also appreciate you accessing the Henderson Interchange project's virtual meeting site, available via the project homepage here: www.dot.nv.com/hendersoninterchange .	7/7/21 6:24 PM						
Inbound	Email	Thank you for the information!	7/8/21 2:22 PM						
Inbound	Email	Ahead of the virtual presentation, is there an architectural overview picture of the vision of the interchange. My home is in the front line of view. We have known this was coming and unfortunately I am out of town on the 22nd. Thank you.	7/3/21 8:49 PM	Anna Marie Binder			7029066517	annakicks2000@hotmail.com	Resolved
Outbound	Email	[Reply from DB] Hello Ms. Binder, Thank you for your email about the Henderson Interchange. Sorry you won't be able to attend the July 22 meeting but this project also has a virtual meeting site, which is live as of today. Here is the link: www.dot.nv.gov/hendersoninterchange . On that webpage, you will see a 'GO TO MEETING' button that is a direct link to the virtual meeting site. The virtual meeting site has illustrations of the current and proposed interchange, along with numerous videos showing how the interchange would look and feel to motorists. There are lots of other resources at that site as well, and it will be 'live' through August 5. Please access the site at your convenience and don't hesitate to ask if you have further questions.	7/7/21 6:28 PM						
Inbound	Public Website	Does this option make the southbound traffic from 515 easily to merge to 215, and access to Gibson exit?	7/7/21 12:44 AM	Z S James				shuiwenzsj@yahoo.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
		[Reply by DB] Thank you for your question on this project. The "Build Alternative" allows southbound traffic on I-515 to go west on I-215 and to exit at Gibson Road, while also re-establishing access to Gibson Road from westbound Lake Mead Parkway/I-215. Videos showing the driver's vantage point for various movements including southbound I-515 to westbound I-215 will be available to watch at the July 22 public meeting and are available at the virtual meeting website here: https://www.henderson-interchange.com/ . The video for southbound I-515 to westbound I-215 can be viewed by clicking here: https://youtu.be/tfQDqR-mkul .							Resolved
Inbound	Public Website	We haven't even seen the traffic survey report that was supposed to be done for the development of Fiesta Marketplace and I'm wondering if this project was taken into account in that survey, as well as the desire for the NW corner to build a tenantless car wash. Doesn't seem to fit.	7/7/21 7:57 PM	Anna Marie Binder			7029066517	annakicks2000@hotmail.com	Resolved
		[Reply by DB] Hello again Ms. Binder, Traffic operations performance for the "Build Alternative" was analyzed using Year 2040 projected traffic volumes that reflect current and continued development growth in southern Nevada. The traffic projections are based on regional planning models that are intended to reflect known near-term developments such as the one you mention as well as future (but not currently known) developments that are anticipated to occur over the next two decades. Again, thank you for your comment and your interest in this project.							
Inbound	Public Website	I agree that plan build 2A looks best for the future. As long as we do not get shut out of fiesta parkway, as that is our only entrance to our community and based on the video presentation it does not appear to affect that.	7/7/21 8:08 PM	Anna Marie Binder			7029066517	annakicks2000@hotmail.com	Resolved
Outbound	Email	[Reply by DB] Hello Ms. Binder, Thank you for your comment, and you are correct - the Build Alternative (Option 2A) does not affect access to Fiesta Henderson Boulevard. Please let me know if there are any other concerns that I can assist you with.	7/15/21 5:46 PM						
Inbound	Email	[To DB] I sent you an email last night that I'd like feed back on. If at all possible as planning commission meeting is at 4 today. Thank you.	7/15/21 5:49 PM						
Outbound	Email	[Reply by DB] Hello Ms. Binder, We examined the area of concern at the NW corner of Eastgate and Lake Mead, and determined that there are no impacts to our project limits. There are no current plans to widen Lake Mead Pkwy beyond it's current geometry so there are no concerns at this time. Any encroachment upon NDOT right of way will need to be reviewed separately by NDOT.	7/15/21 5:54 PM						
Inbound	Email	[To DB] Thank you!	7/15/21 5:59 PM						
Inbound	Phone	Hi this is Ryan Arnold. I'm calling for Dave Bowers, I represent station casinos and obviously we've got an interest in what's taking place out there with the interchange. You can reach me directly at 702-521-5888. Thank you.	7/7/21 8:59 PM	Ryan Arnold			702-521-5888	ryan@arcnv.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Inbound	Email	David- Long time no talk my friend! I noticed you were listed as PM for the Henderson Interchange project and thought I'd make the reach. I represent Station Casinos and naturally, we are very interested in the plans being considered and potential impacts to Fiesta Henderson. I've been reviewing all of the materials, but jobs this big usually benefit a sit down with my guys. Any chance we can organize a meeting? Thanks and great to see your name.	7/8/21 8:27 PM						Resolved
Outbound	Email	[Reply from DB] Hey Ryan, Great to hear from you! Yes, we would be happy to meet with you and the other reps for the Fiesta. We can bring plans to an office on site if you would like and discuss the potential impacts, which appear to be minimal at this time. There is currently a virtual meeting in progress at www.dot.nv.gov/hendersoninterchange and we have a live public meeting scheduled for July 22nd at Lifeguard Arena, 222 S Water Street, Henderson NV 89015 from 4:00 to 7:00 PM that you should plan on attending if possible. Feel free to give me a call if you have any questions.	7/9/21 6:29 PM						
Inbound	Email	Dave- I appreciate the timely response. For sure, I'll plan to attend the in-person meeting. We can discuss a personalized meeting with my folks afterwards if we still feel I's needed. Great to have the chance to work with you again! Talk soon.	7/9/21 7:25 PM						
Inbound	Public Website	I hope the plans for I-11 include adding lanes up the hill and down the hill from the 215 to Horizon exit! Slow trucks going up toward Horizon exit slows traffic badly! That would relieve pressure on the 215 when coming onto the I-11!	7/8/21 8:33 PM	Michael Wyatt		2213 Appaloosa Rd	7028566309	wyattearp46@gmail.com	Resolved
Outbound	Email	[Reply by DB] Thank you for your comment and interest in this project. The 'build' alternative would add an auxiliary lane to I-11 in both directions between Horizon Drive and the system interchange.	7/15/21 6:02 PM						
Inbound	Public Website	I remember about 2 years ago, a major portion of the 515 (from Galleria to the 215 onramp) was reconstructed. Before there was one lane for 215 onramp and Lake Mead. Now there is two separate ones. Why wasn't this project done at the same time? I also see part of this project will redo some of that same work?! As a resident living in Valle Verde, I foresee years of construction right next to my home. Increasing my time to get to places and the noise the construction will generate. Will lanes be reduced to one on the 515 and 215 for the duration of the project or will the work mostly take place at night?	7/9/21 2:48 PM	Richa Pandhi				richa.pandhi@rsmus.com	

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	<p>[Reply by DB] Good morning and thank you for your questions and interest in the project. The recent restriping project was done by the Department to make interim safety and capacity improvements without widening pavement. The Henderson Interchange NEPA project is intended to bring long-term improvements and will include widening and reconstruction of much of the interchange roadways to serve projected traffic needs to the year 2040. You are correct to note that interchange reconstruction projects can take several years to construct and there are inevitable temporary impacts to existing traffic patterns and capacity. The Nevada Department of Transportation (NDOT) endeavors to minimize and mitigate the temporary impacts resulting from reconstruction projects and also restricts nighttime construction operations near residential areas to keep construction noise levels within NDOT guidelines. Lane reductions during construction phasing operations will be guided by current traffic volumes for each roadway to minimize impacts to the traveling public. NDOT is currently hosting a Virtual Public Meeting on this project through August 5, 2021. An in-person meeting will be held on Thursday July 22, 2021 from 4 p.m. to 7 p.m. at the Henderson Lifeguard Arena, Center Ice Room. A formal presentation will take place in the same location at 5:30 p.m. Please visit this link to see more information; https://www.dot.nv.gov/projects-programs/transportation-projects/henderson-interchange. Once there you can review the information on the page but to join and view the Virtual Public Meeting, please click the banner near the top of the page that mentions "Go To Meeting". Once inside the virtual public meeting there are many tabs you can review at your convenience and you can leave comments at any time. One tab even has multiple videos that shows a representation of the various alternative travel options; for example, the new southbound I-515 to westbound I-215 movement is showcased in a 3D Model video. There are a couple more videos specific to the other southbound I-515 movements you will probably be interested in. I encourage you to explore the Virtual Public Meeting and make comments as now is the time for public comment. NDOT wants to hear from people like you! If you can't comment on the virtual public meeting I'd encourage you to come to the in-person meeting previously mentioned. Again, thank you for your interest in this project.</p>	7/19/21 3:08 PM						Resolved
Inbound	Email	<p>Hi David, As to my first part of the question (see snippet below), just to clarify, are you redoing what was just done? "The recent restriping project was done by the Department to make interim safety and capacity improvements without widening pavement. The Henderson Interchange NEPA project is intended to bring long-term improvements and will include widening and reconstruction of much of the interchange roadways to serve projected traffic needs to the year 2040."</p>	7/19/21 10:14 PM						
Outbound	Email	<p>[Reply by DB] Good morning Richa, Yes, the project we are currently working on will 'redo' the area that were impacted with the recent restriping. The restriping project was performed to provide a short term fix for traffic slowdowns that were occurring on I-515 and I 215.</p>	7/20/21 2:30 PM						

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Inbound	Email	Please consider a bike path underneath the interchange from the railroad tracks north to Acacia Park on the Southside. Hopefully one day there will be a continuance of that bike trail next to the railroad tracks going northwest to the Pittman wash bike trail.	7/9/21 7:29 PM	Phillip Brown			702-285-2363	devphillipBrown@gmail.com	Resolved
Outbound	Email	[Reply by DB] Good morning Mr. Brown, We really appreciate this type of input on our project. Multi-use trails are an important component of our community and we want to make sure that we have accommodated them in this project to the best of our ability. I will share this information with the Planning Division at the City of Henderson to get their feedback on the viability of the future extension of this corridor and I will let you know how they respond.	7/12/21 1:53 PM						
Outbound	Email	[DB to Tom Davy] Good morning Tom, Could you possibly provide some feedback on the potential to expand the bike route as shown in the illustration below? Maybe Henderson has a masterplan that shows this as a future route?	7/12/21 1:56 PM						
Outbound	Email	[Reply by DB} Good morning Mr. Brown, I followed up with the City of Henderson and they are working to complete this portion of the multi-use trail. Our project will accommodate this improvement.	7/15/21 5:37 PM						
Inbound	Email	Great, thanks for the update.	7/16/21 12:15 AM						
Inbound	Public Website	How does this address traffic entering from galleria to the 95 South and the traffic entering from sunset to the 95 south? There's currently not enough space between the on Ramps. I feel a lane need to be added from sunset to autoshow to accommodate the traffic merging on to the 95 from Galleria and Sunset. The exit to Lake mead and the 215 west should be incorporated into the Autoshow exit. With the ramp exiting Autoshow shifted to the west while traffic continues on to Lake mead and the 215 west. This would all depend on what percentage of traffic from galleria and sunset use the 215 west vs continues onto to the I-11 south.	7/10/21 4:10 PM	Anthony Borruto		1008 Crescent falls	7023217920	ganip2228@gmail.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Hello Mr. Borruto, Thank you for your knowledgeable question. The existing configuration for southbound traffic entering I-515 from Galleria has the entrance ramp braided over the southbound off ramp to Sunset to reduce points of conflict between motorists. That configuration would be retained in the "Build Alternative," as would the configuration of the southbound entrance ramps from Sunset to I-515. The Build Alternative would, however, result in both the southbound entrance ramp from Galleria and the southbound entrance ramp from Sunset becoming additional lanes on I-515, with no merging needed to remain on the highway until you pass beneath the Auto Show Drive bridge where the right-most lane that entered from Sunset would become an exit-only lane to eastbound Lake Mead Parkway. As you likely know from accessing the website, NDOT is currently hosting a Virtual Public Meeting on this project through August 5, 2021. An in-person meeting will be held on Thursday July 22, 2021, from 4 p.m. to 7 p.m. at the Henderson Lifeguard Arena, Center Ice Room. A formal presentation will take place in the same location at 5:30 p.m. If you can't make the in-person meeting, we appreciate you continuing to access, review, and comment on the virtual meeting (via www.dot.nv.gov/hendersoninterchange) through August 5. Thank you for your interest in this project!	7/21/21 6:43 PM						Resolved
Inbound	Public Website	I have long felt that there should be an exit only lane along 1-11 southbound between the I-215 interchange and Horizon. Through traffic, which includes semi trucks and large RVs, struggle to maintain freeway speeds going up the grade and the high volume of traffic exiting at Horizon stack up and back up behind them. Accidents are caused by sudden stops or slow downs in the lane or by cars moving around the large, slow vehicles and then cutting back in to exit at Horizon.	7/12/21 7:35 PM	Julie Chapman		231 W Horizon Ridge Pkwy #2921	7025884714	julie.chapman@hotmail.com	Resolved
Outbound	Email	[Reply by DB] Hello Ms. Chapman, Thank you for your question. The "Build Alternative" would provide a southbound auxiliary lane that is forced to exit at Horizon Drive. We anticipate that the auxiliary lane may keep backups and slowdowns at the Horizon Drive interchange from impacting traffic flow on I-11. As you likely know, NDOT is hosting this project's Virtual Public Meeting through August 5, 2021. Please visit this link to see more information: www.dot.nv.gov/hendersoninterchange . Through this link, you can review and comment on the latest project information. And you can continue to stay up to date on the project as it moves from planning to design to construction. Again, thank you for your interest in the Henderson Interchange!	7/27/21 11:25 AM						

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Inbound	Phone	Hello, my name is Pamela Cameron. My address is 344 Island Reef Avenue 89012. My email is paulpam@cox.net. On the letter for the project for I-11, I would like to address the noise. I live just before Horizon on the incline and the noise level is so loud that we have a hard time sleeping at night, along with my neighbors. We turn on noise fans, noise machines, anything to distract so we can sleep and the trucks back break. I have called numerous times on this and no one's called me back. I have spoken with my neighbors and we did have at one point where you had put something on the road that reduce the noise, but that was years ago and that's wore off. I would really appreciate a wall that extended all the way to horizon. I am on the south side of the freeway and the noise is terrible. Thank you	7/14/21 9:41 PM	Pamela Cameron		344 Island Reef Ave	702-372-6755	paulpam@cox.net	Resolved
Outbound	Email	[Reply by DB] Dear Ms. Cameron, Thank you for your comment. NDOT is currently conducting a noise analysis for Build Alternative to determine where there are traffic noise impacts and where noise abatement measures are warranted. The analysis is following NDOT's Traffic and Construction Noise Analysis and Abatement Policy (available here: https://www.dot.nv.gov/home/showpublisheddocument/14255/636637253326570000). Your concerns have been shared with the noise analysis team. The results of the noise analysis will be available when the environmental study is complete and will be shared at the public hearing, anticipated in Spring 2022. We will add you to the project email list so that you will be notified when this information is available.	7/15/21 11:17 PM						
Inbound	Email	If you could send me an email that will accept a video I have a 25 2nd video from my back yard of the freeway noise. This is that 3 o'clock in the afternoon so not even rush hour. It is so loud. I am on the South side after the break in the block wall from the freeway. You must remember it's on and incline so cars are accelerating the noise is unacceptable.	7/26/21 3:23 PM						
Outbound	Email	[Reply by DB] Hello, these email addresses (DBowers@dot.nv.gov/Henderson.Interchange@dot.nv.gov) should work for your video.	7/27/21 1:49 PM						
Inbound	Public Website	I am glad that improvements are planned, particularly for traffic entering onto westbound 215 from any direction at this interchange. These bottlenecks must be addressed as this area continues to grow. Thank you.	7/16/21 4:03 PM	Linda Gannon				lindagannon@cox.net	Resolved
Outbound	Email	[Reply by DB] Good morning Ms. Gannon, Thank you for your comment and we appreciate your support. As you likely know, NDOT is currently hosting a Virtual Public Meeting on this project through August 5, 2021. The virtual meeting is accessible via our project website (www.dot.nv.gov/hendersoninterchange), and it contains information on the proposed project, including animated videos for the traffic movements you mentioned. Again, thank you for your interest in this project!	7/23/21 9:51 AM						
Inbound	Email	The Henderson Interchange is terrible. Especially if you live in the area of Gibson and Horizon. If I'm heading west I have to get off of Stephanie and it causes me to miss my home to go to home. I'm not the only one , plenty of people that live in this area are upset. Thank you.	7/16/21 7:16 PM	M. Garrett				lbmichael22@aol.com	

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Good morning Mr. Garrett, Thank you for your input on this important issue and current project. NDOT is aware of the limited access that you noted, as well as other traffic operational shortcomings in the immediate area of the Henderson interchange where Lake Mead Parkway, and Interstates 11, 515, and 215 all converge together. NDOT is currently in the planning stages to improve or reconstruct the Henderson Interchange which will address the concerns you have brought up with direct access to Gibson and Stephanie. The plan is to be under construction by the middle of the decade, pending funding. Right now NDOT is currently hosting a Virtual Public Meeting on this project through August 5, 2021. An in-person meeting will be held on Thursday July 22, 2021 from 4 p.m. to 7 p.m. at the Henderson Lifeguard Arena, Center Ice Room. A formal presentation will take place in the same location at 5:30 p.m. Please visit this link to see more information; https://www.dot.nv.gov/projects-programs/transportation-projects/henderson-interchange . Once there you can review the information on the page but to join and view the Virtual Public Meeting, please click the banner near the top of the page that mentions "Go To Meeting". Once inside the virtual public meeting there are many tabs you can review at your convenience and you can leave comments at any time. One tab even has multiple videos that shows a representation of the various alternative travel options; for example, the new southbound I-515 to westbound I-215 movement is showcased in a 3D Model video. There are a couple more videos specific to the other southbound I-515 movements you will probably be interested in. I encourage you to explore the Virtual Public Meeting and make comments as now is the time for public comment. NDOT wants to hear from people like you! If you can't comment on the virtual public meeting I'd encourage you to come to the in-person meeting previously mentioned.	7/19/21 2:08 PM						Resolved
Inbound	Email	I drive thru this interchange often, two to four times a week. Whatever else you do here, the signage definitely needs to be improved & lines repainted. There are some merge left signs drivers ignore if they can get their vehicle thru there. The exit from 11 going to 215W also includes an exit for Lake Mead Pkwy. Drivers speed up the Lake Mead exit only lane and cut over to the 215 lane at the end. It might make more sense to move the Lake Mead exit to an earlier spot on 11 before it starts climbing. I think the lane order needs to be changed so that the 515 is on the right side and 215 on the left side. That would make it easier for carrier trucks to stay on the right instead of having to move to the middle of the road, competing for lane space with people trying to move right. I'm sure I'll have more thoughts on this subject next time I drive thru there. Thank you for reading my concerns/suggestions.	7/19/21 9:17 PM	Anne Miller				anmn.miller@gmail.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Hello Ms. Miller, Thank you for your comment. Signing for the "Build Alternative" would be designed in accordance with established NDOT and national criteria to accommodate driver expectations. Roadway striping within the interchange area would be newly installed at the completion of construction. The Build Alternative would retain the configuration of the northbound exit from I-11 to westbound I-215/eastbound Lake Mead Parkway, where three lanes exit from I-11 with one lane going to Lake Mead Parkway and two lanes going to I-215. Three lanes on the left would continue to northbound I-515, providing opportunities for faster cars to stay to the left of slower trucks. Hopefully this addresses your question, but please feel free to examine the Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through August 5, 2021. Again, thank you for your comment and interest in this project!	7/27/21 2:17 PM						Resolved
Inbound	Email	Hello Dave, I just wanted to provide some feedback on the Henderson Interchange, as I can not attend the in-person meeting. I think one specific need from residents is the connectivity to North Gibson Rd. from Lake Mead Pkwy. Currently the only way to access N. Gibson from Lake Mead Pkwy is Eastgate Rd, or exiting Stephanie and turning around. I think most residents understand the move to remove this exit initially to allow traffic to flow from the 95 freeway, but it is time to rebuild and bring this Gibson exit back, as well as add pedestrians and bicyclists a space to get underneath this interchange and get them back on Lake Mead Pkwy faster.	7/21/21 3:22 PM	Frank DiNicola				offthewagonproductions@gmail.com	Resolved
Outbound	Email	[Reply by DB] Good morning Mr. DiNicola, We appreciate your input. The 'Build Alternative' is designed to provide an exit ramp for motorists traveling westbound on Lake Mead Parkway to access Gibson Road as it was prior to the restriping project. You'll also still be able to access Gibson Road via Eastgate to Auto Show. As you may know, NDOT is currently hosting a Virtual Public Meeting on this project through August 5, 2021, allowing people who cannot attend the in-person meeting to view information (with numerous animated videos, including the Gibson Road connectivity that you mentioned) and provide comments on the proposed project. The virtual meeting is available through August 5 and is accessible via www.dot.nv.gov/hendersoninterchange. Regarding connectivity for bikes and pedestrians, we are maintaining the trails that currently exists south of the 215 with connectivity through Acacia Park to the UPRR trail that extends to Fiesta Blvd. Again, thank you for your comment and your interest in this project!	7/22/21 2:58 PM						
Inbound	Public Website	I am concerned about landscaping and esthetics of this project. I believe Henderson can do better than the crappy sheet metal structures and half-baked art prevalent around Las Vegas Freeways. Please consider making native revegetation a priority. We have the beauty of Lake Mead, River Mountain. Sloan canyon. Our freeway landscape design should blend with and celebrate the natural Mojave desert. And please eliminate mauve from our color palette.	7/22/21 11:31 PM	Mark Edington				mark_d_edington@hotmail.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Good morning Mr. Edington, We appreciate your comments and suggestions regarding landscaping and aesthetic treatments. Aesthetic treatments required through NDOT's Landscape and Aesthetic program for color and texture will be applied to visually blend the proposed freeway improvements into the broader urban background. Landscape and aesthetic treatments will utilize regionally appropriate materials and drought-tolerant landscaping. Additional information regarding NDOT's Landscape and Aesthetics program is available on our website: https://www.dot.nv.gov/projects-programs/landscape-aesthetics . Please feel free to continue to examine the Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through August 5, 2021.	8/4/21 7:56 AM						Resolved
Inbound	In-Person Meeting	For the flyover northbound I-515 to westbound I-215, needed to be 2 lanes. Thank you for Option 2A! I feel that is the best option.	7/22/21 5:30 PM	Ashton Schroder				ashtonschroder@gmail.com	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Schroder, Thank you for your comment and support! For the "Build Alternative," the northbound I-515 to westbound I-215 flyover ramp would be constructed as two continuous lanes. As you likely know, NDOT is hosting the Virtual Public Meeting on this project through August 5, 2021. Please visit this link to see more information: www.dot.nv.gov/hendersoninterchange . The website and virtual meeting contain information that you can review at your convenience—including numerous video animations for the interchange's travel routes. Thank you again for your interest in this project!	7/26/21 3:09 PM						
Inbound	In-Person Meeting	Is traffic still going to be able to flow during construction phases? Have options on detours been looked at to keep traffic flow on all affected roads?	7/22/21 5:30 PM	Antonio Baquera		181 W Country Club Dr	702-524-9796	8669217@gmail.com	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Baquera, Thank you for your question and your interest in this project. Traffic movements will be maintained during construction of the "Build Alternative." Options for construction phasing and how traffic will be accommodated as the work progresses have been examined in a preliminary manner to show that the Build Alternative is feasible. As the project is developed further and nears construction, phasing would be developed to a greater level of detail including how we can maintain traffic flow on the freeways and local roads. As you likely know, NDOT is hosting this project's Virtual Public Meeting through August 5, 2021. Please visit this link to see more information: www.dot.nv.gov/hendersoninterchange . Through this link, you can review and comment on the latest project information. And you can continue to stay up to date on the project as it moves from planning to design to construction. Again, thank you for your interest in the Henderson Interchange!	7/27/21 11:27 AM

Inbound	Other - Clearinghouse	NRS – Nevada Revised Statutes NAC – Nevada Administrative Code General: Compliance with Nevada water law is required. All waters of the State belong to the public and may be appropriated for beneficial use pursuant to the provisions of NRS Chapters 533 and 534 and not otherwise. Water shall not be used from any source unless the use of that water is authorized through a permit issued by the State Engineer. For underground sources, certain uses of water may be authorized through the issuance of a waiver pursuant to NRS Chapter 534 and NAC Chapter 534. Water for Construction Projects Ensure that any water used on a project for any manner of use shall be provided by an established utility or under permit or temporary change application or waiver issued by the State Engineer’s Office with a manner of use acceptable for suggested project’s water needs.	7/26/21 12:00 AM	Thomas Pyeatte Jr.		Nevada Division of Water Resources	775-684-2862	tpyeatte@water.nv.gov	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Pyeatte, Thank you for your comment. NDOT will comply with NRS Chapters 533 and 534. NDOT will also ensure that water used for the project shall be provided as described in your request.	8/11/21 12:16 PM						
Inbound	Other - Clearinghouse	Any relocation of potable water infrastructure will be required to be reviewed and approved by the Bureau of Safe Drinking Water.	7/27/21 12:00 AM	Brendon Grant		Nevada Division of Environmental Protection NDEP	775-687-9524	bgrant@ndep.nv.gov	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Grant, Thank you for your comment. NDOT will request that any relocation of potable water infrastructure shall be reviewed and approved by the Bureau of Safe Drinking Water.	8/11/21 12:13 PM						
Inbound	Email	I approve and support the Build Alternative for NDOT's Henderson Interchange Project. The aspect's that I love about the Build Alternative for NDOT's Henderson Interchange Project is that 1. Auxiliary Lanes will be added to I-11 which will improve safety and eliminate the dangerous weaving movements that occur on I-11 between Horizon Drive and I-215/NV 564/Lake Mead Parkway, and 2. That NV 564/Lake Mead Parkway will cross over I-215 which will greatly improve safety and increase the stopping distance for eastbound I-215 transitioning to NV 564/Lake Mead Parkway just past I-11.	7/28/21 7:15 PM	Jackson Hurst		4216 Cornell Crossing		ghostlightmater@yahoo.com	Resolved
Outbound	Email	[Reply by DB] Mr. Hurst, It is good to hear from you again and we are glad to hear that you support the results of our work! As you likely know, NDOT is hosting this project's Virtual Public Meeting through August 5, 2021. Please visit this link to see more information: www.dot.nv.gov/hendersoninterchange . Through this link, you can review and comment on the latest project information. And you can continue to stay up to date on the project as it moves from planning to design to construction. Again, thank you for your interest in the Henderson Interchange!	7/28/21 9:03 PM						
Inbound	Email	Mr. Bowers The Moapa Band of Paiutes, does not have any questions, or comments at this time with the proposal to improve traffic operations at the Interstate 515 (I-515) and Interstate 11 (I-11) interchange between Galleria and Horizon Drive at the Interstate 215 (I-215) interchange from Valle Verde Drive to Van Wagenen Street on Lake Meade Parkway. We however, would like to be continually informed throughout the proposed project planning stages. Thank you for contacting the Moapa band of Paiutes.	8/1/21 12:31 PM	Shanandoah Anderson		Moapa Band of Paiutes	(702) 865-2787	moapacultural@moapabandofpaiutes.org	Resolved

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Hello Ms. Anderson, Thank you for your feedback! The Moapa Band of Paiutes has been added to the distribution list for project notifications and we look forward to our continued work with you and your organization.	8/2/21 8:22 AM						
Inbound	Email	Please make it artistic and beautiful like the metal statues and landscape along 215 and near airport. Not just a utilitarian practical system, but a creative and visually interesting roadway.	8/2/21 2:22 PM	Chantal Georis Melendrez				chantalgm@att.net	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Melendrez, We appreciate your comment/suggestion regarding landscaping/aesthetic treatments and we share your sentiment. Aesthetic treatments required through NDOT's Landscape and Aesthetic program for color and texture will be applied to visually blend the proposed freeway improvements into the broader urban background. Landscape and aesthetic treatments will utilize regionally appropriate materials and drought-tolerant landscaping. Additional information regarding NDOT's Landscape and Aesthetics program is available on our website: https://www.dot.nv.gov/projects-programs/landscape-aesthetics . Again, thank you for your interest in this project! Please feel free to continue to examine the Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through August 5, 2021.	8/4/21 10:43 AM						
Inbound	Email	Hi there-Some feedback on the Henderson interchange draft sign concept plans: 1. Is it possible within the confines of the MUTCD to use the Las Vegas Strip as a control city for 215 W, or to otherwise sign the Strip as a destination (as NDOT has done at the 95/15 interchange and on 215W at 15). 2. Should the airport glyph be on the 215 W signs? 3. Hoover Dam generates 20,000 visitors daily. Most will arrive by car. Can that be signed on 11S within the confines of the MUTCD? (This also has issues further downstream where it is signed quite poorly on the new Boulder City Bypass but I digress) 4. It seems odd to sign 'Henderson' on 215/564 E when I-215 has already been in Henderson for 7 miles. Does 'Downtown Henderson' comply with the MUTCD? 5. The eastbound mileage sign at Stephanie St has 95 and 93 listed out of order (unless NDOT is considering eliminating US 93 later?) 6. The Lake Mead NRA guide sign on 11 NB at Horizon Ridge seems oddly placed - it's on the one direction where drivers would be coming *from* Lake Mead access. Hopefully helpful design feedback.	8/2/21 7:31 PM	Nick Christensen				mojavenc@gmail.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Good morning Mr. Christensen, Thank you for your insightful questions and interest in this project. The guide sign layout is conceptual at this point and will be further developed utilizing your input as the project moves forward. While possible to sign LAS VEGAS STRIP as a control city for westbound I-215, the design team was concerned with the distance to the strip and with potential confusion with I-515 that is signed with LAS VEGAS as the control city. Use of a control city for westbound I-215 will be evaluated further during final design. Regarding an airport glyph on the westbound I-215 signs, this interchange is sufficiently far from the airport that the design team opinion was that it should not be used at this location. There's no airport glyph in the existing condition, and one first appears just west of the Eastern Avenue interchange. The design team will evaluate the use of HOOVER DAM signage in addition to SOUTH BOULDER CITY in final design. The design team will evaluate use of alternatives such as DOWNTOWN HEND. Or DOWNTOWN HENDERSON (as will fit on the sign) as a destination for eastbound Lake Mead Parkway during final design. The route order on the eastbound mileage sign at Stephanie will be revised with the next iteration of guide sign layout. Regarding the Lake Mead National Recreational Area guide sign on northbound I-11 at Horizon Ridge, the concept plan replicated an existing sign at this location. The design team will further evaluate the need (and placement) of this sign during final design. Thank you again for your questions. Please feel free to continue to examine the project website and Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through today, 2021.	8/5/21 9:07 AM						Resolved
Inbound	Public Website	Good afternoon, I live near the 215 and Gibson area near Acacia Park. It's terrible heading back from any stores near the Target, Marshall's , Petco on Lake Mead Pkwy heading west. You have to get off at Stephanie exit or head towards Horizon and Horizon. This area has over hundred of people dealing with this Issue!!. Hopefully you guys can fix this . It's a major problem	8/2/21 11:12 PM	Mike G				Lbmichael22@aol.com	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Garrett, Thank you for your comment and your interest in this project! The "Build Alternative" offers solutions to the problem you mention. Namely, a direct connection to Gibson Road from Lake Mead Parkway, southbound I-515, Auto Show Drive, and from northbound I-11. Please feel free to continue to examine the Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through today, where you can view the traffic movements you mention and many others. Again, thank you for your comment!	8/5/21 12:04 PM						
Inbound	Email	Westbound Lake Mead Parkway is the connecting route from Cadence, Lake Las Vegas, Tuscany, and all of East Henderson to the I-215 Westbound and into Las Vegas. You must have more than one lane for westbound Lake Mead Parkway onto westbound I-215. Anything less will be atrocious.	8/3/21 12:12 AM	Kevin Cerny				kc89109kc@yahoo.com	

Henderson Interchange Project Virtual Public Meeting Comments/Questions July 6 - August 5, 2021

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Good morning Mr. Cerny, Thank you for your comment. Westbound Lake Mead Parkway will have five lanes just beyond the Eastgate intersection. Two lanes will exit to northbound I-515, leaving three continuing westbound. Then, one will exit to I-11 southbound, leaving two continuous lanes leading toward westbound I-215. Those two lanes will be joined by two lanes coming from the northbound to westbound flyover ramp, making four lanes that will be further increased when the lanes from the southbound to westbound median connector join up near Gibson Road. Again, thank you for your comment and your interest in this project! Please feel free to examine the Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through August 5, 2021.	8/4/21 7:31 AM						Resolved
Inbound	Public Website	I vote for Option 2A. I really like the access to Gibson Rd with this alternative and it appears to solve a lot of the problems we currently have with this interchange. Peeling off the traffic to I-11 SB from EB I-215 before the Gibson Bridge is a great idea.	8/3/21 5:40 AM	Clark Barlow				clark.barlow@gmail.com	Resolved
Outbound	Email	[Reply by DB] Thank you for your positive comment and your interest in this project! Please feel free to continue to examine the project webpage and Virtual Public Meeting website for this project, accessible via the project website (www.dot.nv.gov/hendersoninterchange) through today, where you can view the traffic movements you mention and many others. Again, thank you for your comment!	8/5/21 9:02 AM						
Inbound	Email	1. There is clearly a traffic issue to be resolved; new or expanded construction is obvious. Why expend limited resources on a 'No-Build Plan'? 2. Construction is not slated to commence before 2023 - IF it starts on time. The plan is to meet 2040 traffic demand as it was anticipated 1-2 years ago. How is the likely change to that demand to be factored into planning.	8/3/21 6:17 AM	Jon Sias		936 Clubview Dr	7022870129	jonsias951@gmail.com	Resolved
Outbound	Email	[Reply by DB] Hello Mr. Sias, Thank you for your questions and interest in this project. Although the "No Build" alternative might not seem reasonable, it must always be included in the analysis as part of the National Environmental Policy Act (NEPA) process. The No Build Alternative generally serves as a baseline against which the other alternatives can be evaluated. Regarding your question on factoring traffic demand into planning; for this project to be eligible for federal funding participation, the Nevada Department of Transportation and the Federal Highway Administration agreed that the year 2040 was to be used as the design year date. Planning work by agencies such as RTC of Southern Nevada has been incorporated into the projections for year 2040 traffic used in the design of the "Build Alternative." Thank you again for your questions. Please feel free to continue to examine the project website and Virtual Public Meeting (www.dot.nv.gov/hendersoninterchange) through August 5, 2021.	8/5/21 11:53 AM

Outbound	Email	[Reply by DB] Dear Ms. Uribe, Thank you for reaching out to the Nevada Department of Transportation (NDOT) regarding your concerns associated with the environmental study for the proposed Henderson Interchange project. One of the reasons that NDOT is performing this environmental study is to better understand the impacts that the project would have on the adjacent property owners. These impacts include local access, noise and air quality during construction as well as the long term impacts due to the final configuration of the interchange. Population growth and the associated growth in traffic volumes drive the need for projects of this nature, however local impacts are an important part of the environmental study and we are required to minimize and mitigate these impacts to the best of our ability. I will reach out to you by phone as you requested, but we would also like to offer to meet with you in-person to share information on the project and discuss your concerns. If this is agreeable to you, please let me know and we can work together to set up a date and a location to meet. Again, thank you for your comments.	8/10/21 12:30 PM						Resolved
Inbound	Public Website	1. My neighbors and I would like to express our concerns about the proposed changes to the Henderson Interchange. Specifically we are worried about the increased noise levels if there are additional traffic lanes placed between the current flyover lanes and our homes on Viento del Montagna Avenue. We would like some additional time to study the proposed changes, and if possible to be able to see true scale models of how our homes would be affected by these changes. It is already extremely noisy because of the current interchange both in our yards and inside our homes. 2. The problem is not the fact that the southbound ramp merges from 2 lanes to 1 lane. The main problem is the fact that once you get on the southbound 95 the 5 lanes merge to 3. 3. We would like to see the plans and scale of option 1. Both of the other options look like the flyover ramps will be practically on top of our homes. We need more time and information and we would like to see true scale models of all the proposed options. 4. As a homeowner on Viento del Montagna Avenue, we and our neighbors have had to tolerate the noise and lack of view since 2005 or whenever this interchange was originally began. We cannot possibly imagine the increase in noise and intrusion into our privacy with the proposed options. Also, it is not possible to see how close the new flyover ramps will be to our homes. We would like addition time and information such as scale models of the proposals. Also, it states that there are 3 options but we can only see 2.	1. 8/4/21 1:45 PM 2. 8/4/21 1:49 PM 3. 8/4/21 1:58 PM 4. 8/4/21 2:13 PM	Julia A Germany			702-301-9144	jgermany1@cox.net	Resolved

Inbound	Email	<p>Objection to the Henderson Interchange: Dear Mr. Bowers, My husband and I own the property at 760 Viento del Montagna Ave., Henderson, NV 89012. Your proposal for the Henderson Interchange will be devastating for many reasons. Having the 215 a stone's throw behind our house is bad enough, but having it basically invading our backyard will destroy our property value, and that of all our neighbors on Viento del Montagna Ave. The construction process alone will be a grueling hardship for anyone nearby. This is a residential area, full of people trying to sleep, eat, and enjoy their lives, so they can contribute to our community. Even if they can persevere through the building process, the end result is no prize. The traffic noise alone will be deafening. The noxious fumes from the fuel will create a severe environmental hazard for those with health issues, such as my husband. You will block out more sunlight, thus ruining the visual, aesthetic ambiance we worked so hard to create (in a backyard with a freeway close by), and our plants we depend on for our food supplements will die. You will create an uninhabitable, intolerant environment for us to live in, inside and outside. We understand trying to improve traffic flow, but feel there are many alternatives to this invasive breach of our privacy and right to enjoy life. Why don't you close the Gibson on ramp (heading east) for a few months and see if that doesn't help the problems associated with the merge onto north and south bound 515? This on ramp shouldn't have been there in the first place. It is way too dangerous to try to merge over in such a short space, and this is the crux of the problem.</p> <p>There is plenty of access to the freeway from Auto Show, or from Stephanie. How about building more to the north of 215, where there are mostly industrial and business properties that will be impacted? How about moving the entire interchange further east, making use of the vacant Fiesta property? How about going up above the existing highway, rather than spreading out? It seems there are a lot of alternatives that have not been explored. You are also assuming traffic will increase - many residents are now working from home, and some people are now afraid to relocate here for fear the water supply will run out! Please note we are vehemently against this abhorrent project and vote "NO BUILD".</p>	8/5/21 9:54 AM	Jackie Faoro		760 Viento del Montagna Avenue		certifiedjackie@hotmail.com	Resolved

Inbound	Email	Mr. Bowers, I have reviewed the Henderson Interchange proposal and I must say that for some reason the easiest and least expensive option has not been put forward. I live at 760 Viento del Montagna Ave., and have lived here since before the freeway was ever built. When being constructed, there was no on-ramp at the Gibson interchange heading east on 215. However one was constructed and once completed I attempted to drive on this on-ramp on many occasions, only to find it the most dangerous stretch of road I have ever seen and this was way back when, when it was first built. I do not and will not access the freeway from this on-ramp. I either go 6 blocks north to the Auto Show on-ramp or 6 blocks west to Stephanie ramp. Your project alternatives do NOT list "close the Gibson on-ramp". Simply doing this and re-lining 215 would eliminate the entire problem for hardly any cost both monetarily and environmentally. If a lion has a thorn in his paw, you don't keep wrapping it with more bandages, changing the bandages, and reconfiguring the bandages. You simply remove the thorn. I purpose that before everyone's lives and the environment are totally ruined you shut down this on-ramp and see what happens to the level of accidents in this interchange area. You can then use the 260 million dollars to fix all the water leaks in Henderson so we all don't run out of water. I vote "NO BUILD on the Henderson Interchange".	8/5/21 10:53 AM	Anthony Faoro		760 Viento del Montagna Avenue		mp@marshallprice.com

Inbound	Email	Hey David, thank you for reaching out. I do believe that a get together would be a good idea. However it is very difficult for me to travel so you would have to come to my home. Afternoons work best for me. Please let me know what day will work.	8/18/21 2:52 PM						
Outbound	Email	[Reply by DB] It appears that there are others in your neighborhood that may be interested in hearing the information that was presented at the public meeting. We were hoping that a public space like a nearby library would used so that we could accommodate multiple people and show the presentation. Another option may be to have the discussion virtually? Have you attended a meeting on your computer previously?	8/19/21 9:31 AM						
Inbound	Email	I think it is really important that you and your team visit me and my wife here at our house after 3:30 in the afternoon; to get a first hand look, take, feel and idea of the CURRENT state in which we exist with the CURRENT freeway conditions. It is very possible that the disease that is taking my life is a direct result of the construction and use of the freeway and the Gibson on-ramp in its current state. Seeing, listening and feeling what goes on is so much more effective than trying to tell or show. If you folks truly care about what you are doing, a visit to the site of someone's home does not seem out of line in the least, I know I would do it for you.	8/19/21 2:26 PM						
Outbound	Email	[Reply by DB] Good morning Mr. Faoro, My apologies for the delayed response. We are willing to meet with you at your house and continue our discussion. We will wear masks per the current CDC guidelines and ask that you and any other household members wear a mask as well. For our own safety, I would also like to verify that the disease that you mentioned in your prior email is not contagious. Please provide a few time ranges that will work for you and I will coordinate with my team members to work out the best time to visit. If possible, a visit during working hours Monday through Friday is preferred. Thank you for your patience.	8/25/21 10:48 AM						
Inbound	Email	Mr. Bowers, thank you so much for getting back to me. My diseases are NOT contagious and wearing a mask would not be a problem. Please let me have the weekend to figure out what day would be best. I'll get with you Monday morning with a time and day.	8/26/21 1:23 PM						

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Inbound	Email	<p>In the Las Vegas area, some major entrances, exits, and splits contribute to traffic backups and accidents. Drivers unfamiliar with a roadway have limited time to read, comprehend, and react. Locating overhead advance guide signs a minimum of two miles in advance of major exits and splits to improve traffic flow. A minimum of two-mile advance notice for splits is more important in a tourist town than anywhere else. More guide signs will help prevent last-second jockeying of vehicles which causes backups and accidents at many locations in the valley. Confirming highway pavement signs can also prevent unnecessary and last-second lane changes. Section 2E.21 Design of Overhead Arrow-per-Lane Guide Signs for Option Lanes: Guidance: 06. Per FHWA MUTCD, Overhead Arrow-per-Lane guide signs should be located at approximately 1/2 mile and 1 mile in advance of the exit or split, and at approximately 2 miles in advance of the exit or split where space is available, and conditions allow. Examples: Even during light traffic conditions, backups and accidents occur at the new entrance from Tropicana onto NB I-15 which has a minimal merge lane to efficiently blend traffic with existing NB traffic. EB 215 past Gibson has a guide sign only 1/2 mile before the Las Vegas/Boulder City split, which gives drivers only 30 seconds to make their move, resulting in drivers making frantic last-second decisions and abrupt lane changes. Traffic flow would be improved here with more than a 30-second warning. The existing guide signs are not correct for the Las Vegas and Boulder City split.</p> <p>Many accidents and very close calls at the entrance from Horizon onto SB US 93/95 I-11 which does not have a merge lane and shoots vehicle vehicles out into existing traffic. Approaching the Spaghetti Bowl on NB US 95 has advanced signage that may have been sufficient for traffic 30 years ago, but the lack of proper advance guide signs forces drivers unfamiliar with the roadway to make last-second decisions and abrupt lane changes. If not done so already for this project, design roadways to account for inclines or sharp curves that cause semi-trailer trucks, recreational vehicles, and vehicles with travel trailers to slow and reduce traffic efficiency. For example new interchange at Railroad Pass, entrance lane onto NB I-11 coming from Boulder City. An incline exists where it is not uncommon to have two semi-trailer trucks in both lanes, causing traffic to slow and making entering NB I-11 from Boulder City unnecessarily dangerous and inefficient. Traffic flow can be greatly improved here if the entrance did not end, and a third lane was present between Railroad Pass and connecting with the existing third lane just past Wagon Wheel. Another example is the Fiesta flyover from NB US 95 to WB 215 with traffic efficiency reduced due to large and slow vehicles navigating an incline and curve.</p>	8/5/21 3:15 PM					mmsantoro@aol.com	Resolved

		As a major tourist city with many visitors and an influx of new residents, we have a disproportionate share of drivers completely unfamiliar with our highways and interchanges. Tourists more than ever are leaving the strip to visit Lake Mead, Hoover Dam, Death Valley, Utah, Grand Canyon, etc. combined with local drivers that are not familiar with areas they only drive to occasionally, need ample time to read and comprehend sign messages. Overhead Arrow-per-Lane guide signs that were placed a half-mile or a mile from a split were sufficient many years ago when traffic was lighter. Please look at the FHWA MUTCD as only minimum recommendations, and designs in the Las Vegas area can exceed these due to unique conditions increasing tourism traffic and a constant influx of new residents that are unfamiliar with our roads.							
Outbound	Email	[Reply by DB] Hello Mr. Santoro, Thank you for your comments. The guide sign concept plan was prepared based on MUTCD and NDOT guidelines and will be refined as the project develops. Urban interchanges are challenging because of the close spacing of service interchanges, and this interchange is further complicated by having four routes converging instead of just two crossing. The northbound entrance from Horizon Drive will bring two lanes on that add to the existing three lanes, with no merging required. A lane change would be needed prior to the Lake Mead Parkway exit if your destination is further north on I-515. Design speeds for curves are based on trucks, and most ramp curves (except for relatively low volume ramps) are designed for at least 45 mph. The geography of this site combined with the need for grade separations results in longitudinal roadway grades of up to 5% on the highways and ramps. Additional lanes heading up the hills to the west and to the south may help mitigate the issue of slower trucks impeding the movement of faster vehicles. Your suggestion for signing geared to tourists will be shared with the design team. Better signage combined with smartphone mapping technology can help in getting unfamiliar drivers to their destinations. Again, thank you for your comments and your interest in this project!	8/10/21 2:04 PM						
Inbound	Phone	My name is Amar Bhatti and I'm an attorney here in Las Vegas reaching out on behalf two local businesses which are situated along the highways for the Henderson exchange. I just wanted to reach out to ask a few questions about the project, I believe currently in the environmental feasibility phase between the No Build and Build Alternative. I understand that the public comment period was until last week, however, the Las Vegas Review journal notice was really the first widely available notice that my clients have received and so I'm just trying to find out, learn a little bit more, and potentially share their input in terms of if and how it might affect their business. They seem to be a little concerned, please call me to discuss.	8/9/21 9:38 AM	Amar Bhatti			702-496-7264	amarbhatti@unitedbrothersnv.com	
Outbound	Email	JJ called Amar to find out the names/locations of the businesses in question, verified that the addresses were included on the mailing list, and forwarded the info on to the project engineers. JJ also emailed Amar a copy of the ITS letter that was mailed to the two businesses and let him know a member of the project team would be contacting him.	8/9/21 10:50 AM						Resolved

INBOUND / OUTBOUND	CONTACT METHOD	COMMENT	COMMENT DATE	CONTACT NAME	TITLE	STREET ADDRESS	PHONE	EMAIL	STATUS
Outbound	Email	[Reply by DB] Hello Mr. Bhatti, Thank you for interest in the Henderson Interchange project. The proposed improvements made under the Build Alternative would improve traffic circulation and access within the project area. Additional information can be found on the project website at https://www.dot.nv.gov/projects-programs/transportation-projects/henderson-interchange . We are currently only at a conceptual design level, however, prior to construction, NDOT will develop a plan to communicate with the public and property owners regarding construction schedule, potential closures, and detours throughout construction. Access to businesses would be maintained during construction. I will also reach out to you by phones as requested.	8/11/21 3:21 PM

PRESENTATION BY DAVID BOWERS, PE, PROJECT MANAGER	4
QUESTION AND ANSWER SESSION	23

1 PUBLIC COMMENTS SUBMITTED TO REPORTER

2 -o0o-

3

4 PUBLIC COMMENTER: Betsy Jefferis,
5 J-E-F-F-E-R-I-S hyphen Aguilar, A-G-U-I-L-A-R.

6 Really like the changes that will be
7 made and believe that it will make traffic more
8 efficient and safer for the community.

9 PUBLIC COMMENTER: Anthony Aguilar. I
10 like the idea of the northbound 95 lanes onramp
11 becoming two instead of one. It will make traffic
12 flow easier and not back it up going into that
13 interchange.

14 I also like the idea of having the
15 Gibson route starting from Lake Mead Boulevard going
16 into the 215. It more likely will deter traffic
17 accident from people exiting off of the onramp
18 freeway into Gibson.

19 Also great idea on starting the
20 interchange 215 eastbound sooner so it doesn't make
21 a lot of last-minute decisions and slowing down
22 traffic.

PRESENTATION

-o0o-

MS. MLYNAREK: All right. We're going to go ahead and get things started. Good evening, everybody. My name is Cassie Mlynarek and I'm the public involvement specialist for the Nevada Department of Transportation.

Special thank you, guys, for braving the weather to be with us here tonight. But I would like to formally welcome everybody to the Henderson Interchange public involvement meeting, and this is the in-person component for us, as well, as we have that online meeting that's also taking place.

So welcome to those who are also joining us online right now. As I mentioned, the public meeting taking place online at dot.nv.gov/hendersonInterchange through August 5th.

So tonight our NDOT project manager Dave Bowers, is going to give a presentation followed by a Q and A session. We do ask that you hold all of your questions until the end of the presentation.

You are going to have up to three minutes to deliver your comment or question. We're going to set up a microphone right in the middle of

1 the aisle right there. So you're going to be able
2 to say your first and your last name followed by
3 your comment or question.

4 So we do also have a court reporter
5 here, and all comments made tonight are going to be
6 retained for the public record.

7 But for now, I'd like to get things
8 started by handing it over to the NDOT project
9 manager, Dave Bowers.

10 MR. BOWERS: Thank you, Cassie,
11 appreciate it.

12 Good to see everybody tonight.
13 Appreciate you coming out in the rain. My trip down
14 from the north was pretty incredible. Really gives
15 you an idea how Regional Flood is doing with these
16 detention basins because there was a lot of water
17 flow.

18 You know, it's really good to see people
19 live. This is the first live meeting I've had in
20 about a year and a half. I think Cassie's first
21 ever live meeting with NDOT. So welcome aboard.

22 And it is really good to see people
23 again and just talk face to face. Sometimes it's a
24 lot better communication seeing people, you know,
25 and really having that opportunity to explain it in

1 more detail.

2 But by the same token, we've had almost
3 500 hits on our virtual meeting. As Cassie
4 mentioned, we have a virtual meeting going on live
5 right now, and you'll see later on in the
6 presentation the actual e-mail address for that. So
7 you'll have plenty of opportunities to write that
8 down.

9 But I don't see that going away in the
10 future. Even when COVID is finally complete, I
11 think we're still going to have internet access for
12 all public information for all of our projects going
13 forward just because, you know, it's a lot of work
14 to get in the car and, you know, maybe get a
15 baby-sitter or get things taken care of and get to a
16 meeting like this. You know. It's never easy. So,
17 yeah, we're glad to see that COVID did open our eyes
18 to other means of presentations for this material.

19 So tonight I'm not just by myself. We
20 also have Jim Mischler. Jim's been the lead for CA
21 Group as a project manager, been doing an amazing
22 job. You know, he has a lot of things figured out
23 in more detail than a project manager generally
24 would. If you had a chance to speak with him before
25 the meeting and look at the presentation boards, you

1 know, it's really enlightening to get his in-depth
2 insight on this.

3 And then Andrea Engleman is the
4 environmental specialist for CA Group, also doing an
5 amazing job. It's really surprising how much effort
6 it takes to do the environmental work on a project
7 like this to meet the NEPA, FHAWA guidelines, and
8 she's taken us right through on a direct path. So
9 it's been really enlightening.

10 And then Jim Caviola is also in our
11 group. He's a CA principal, lived in Henderson for
12 a long time so I know he's here to make sure that it
13 gets done right.

14 And then Tom Davy with the City of
15 Henderson. He's the city engineer. So we've had
16 great support from City of Henderson. As many of
17 you know, they started with the feasibility study on
18 this project, and then passed it off to us last
19 year.

20 So it's been a great effort and
21 cooperation between the two entities.

22 So tonight we're going to give you an
23 update on the project itself. There's been some
24 really I think great improvements to it. I'll give
25 you a better idea of the project timeline, an

1 opportunity to submit comments as Cassie referred,
2 we're going to have multiple ways to do that, and
3 then a continued discussion with project staff even
4 after this presentation.

5 And I encourage you, if you haven't seen
6 it yet, there's a screen in the back, a TV monitor
7 that will show you basically every route that's on
8 this interchange. You can actually drive down it as
9 if you were in a vehicle and see how it's going to
10 work.

11 And, you know, that's something that Jim
12 brought, Jim Mischler, this crossover design you're
13 going to be seeing. So I think many of you are
14 already familiar with the diverging diamond that you
15 could see up on Horizon Drive, how the traffic kind
16 of crosses to the opposite side of the road and
17 makes it more efficient so you're not waiting at
18 multiple crossings, and so we've used a similar
19 concept, this crossover interchange for the
20 Henderson Interchange. It's really very innovative.

21 So study area limits. This is the first
22 time I've been on a project that had four legs that
23 were four different highways. It hasn't been fun
24 because people try to say, well, when you go north
25 on I-11, and I'm like you can't, you can only go

1 south on I-11. So it's been tricky to work with.

2 But you can see to the south is I-11.

3 That was designated by FHWA. And all the way

4 through the Boulder bypass down to the dam.

5 And then you have Lake Mead to the east

6 and the 515 to the south and then the 215 to the

7 west.

8 You can see also Valle Verde is the

9 limit on 215. Van Wagenen to the east on Lake Mead.

10 Galleria Drive to the north. And then Horizon Drive

11 to the south.

12 And, you know, if anybody really feels

13 the urge to -- you know, you have a dire question,

14 you're welcome to speak up, it's not a major

15 problem, but there will be a question-and-answer

16 period after the presentation.

17 So why is the project needed? First of

18 all, we've had a major population increase. Back in

19 1995 when the bulk of this interchange was built,

20 the population was around 1.5 million, and now we're

21 at 2.2 million. You'll see 2.27, all kinds of

22 different numbers right now. But it's definitely

23 much more than the 1.5 million we had 15 years ago.

24 Roadway deficiencies are contributing to

25 traffic backups and travel delay. I'm sure all of

1 you are aware of that.

2 And then we want to restore local access
3 and connectivity. I'm sure that's the other reason
4 some of you are here.

5 And then reduce crash rates. We want to
6 make this as safe as possible.

7 And then the project's purpose.
8 Whenever possible, this needs to line up with the
9 need. Otherwise FHWA won't approve it. So we've
10 got to resolve the existing deficiencies in the
11 Henderson Interchange and the surrounding roadways.
12 We're going to make that connectivity, put it back
13 in place.

14 Provide transportation improvements to
15 existing and future growth areas. So what we mean
16 by future is we're not just saying what needs to be
17 done so it handles traffic today, but we're looking
18 at the year 2040 to make sure we can handle traffic
19 at that point, as well.

20 And FHWA requests that we don't go
21 beyond 20 years when we look at these, you know,
22 roadway design projects, because you really don't
23 know what's going to happen in 20 years. And we
24 just had a conversation -- Jim, there you are --
25 about what might happen in 20 years. There may

1 actually be a reduction in traffic congestion due to
2 the fact there's going to be autonomous vehicles out
3 there. When they say self-driving vehicles are
4 going to be so much more efficient, you can actually
5 do 80 miles an hour 20 feet apart because the
6 vehicles know when one vehicle's going to brake.
7 It's not the human interaction, which is not a
8 hundred percent efficient. So it's going to be a
9 much safer environment, I think, once autonomous
10 vehicles come. We don't want to get into that
11 argument right now. Probably won't experience it a
12 hundred percent in our lifetime, but it's going to
13 be interesting to see when it does grow.

14 So finally restore the connectivity. We
15 talked about that. And then accommodate regional
16 and local plans. So that's the part working with
17 Henderson to make sure everything they're doing,
18 we're trying to accommodate them as well as
19 possible.

20 So what's NEPA? NEPA is the National
21 Environmental Policy Act established in 1969. When
22 a lot of people realized that, you know, just
23 because somebody wanted a project done, it doesn't
24 mean you should splash through the environment, you
25 know, and rip and tear. People understood already

1 back then that there needs to be considerations for
2 both, you know, the physical environment, as well as
3 the people, the culture, everything else needs to be
4 considered when you put a project of this nature in.

5 And then using the NEPA process, we
6 evaluate the environmental, social and economic
7 effects of the proposed actions. And a lot of these
8 actions are, you know, access, air quality,
9 archaeology, environmental justice, geology. I mean
10 that's a whole list of 15 different items there that
11 are all very important and all weigh into this
12 decision.

13 You'll see one of them is noise. So we
14 attack noise with sound walls. They're already up
15 now, and we'll have the same type of evaluation
16 completed when we do this project.

17 So how did we get here? I briefly
18 mentioned the feasibility study that the City of
19 Henderson undertook. That was completed in February
20 of 2020. In fact, our last public meeting was
21 December of 2019. So it's -- it's been a little
22 while since we've seen the public out here and
23 hopefully some of you were involved in that project.

24 It included 37 ideas combined into the
25 three alternatives, and then it resulted in two

1 alternatives, Option 1 and Option 2, which were
2 recommended for further study.

3 Option 1. So basically Option 1 is the
4 existing interchange, same geometry but just widened
5 and improved to accommodate the additional traffic.
6 You know. Nothing innovative about that, but
7 sometimes it's the best answer because you can use a
8 lot of the existing pavement. Sometimes you can
9 widen bridges, and sometimes, like I said, it's just
10 the most efficient.

11 And then Option 2 was a crossover style
12 interchange, kind of like diverging diamond we
13 talked about on Horizon Drive. And this example
14 here, what we were looking at was a crossover both
15 directions. So it was happening east and west on
16 the 215 and Lake Mead, as well as north and south on
17 I-11 and I-15.

18 So then the value analysis study was the
19 first component of the NDOT project once we took it
20 over. And we had a really, really impressive team
21 pulled together on that. We got very fortunate.
22 And we were doing this virtually. So this was the
23 first time we were able to do a
24 value-engineering-type project, all new engineers
25 looking at what we did. And we all sat mostly in

1 our homes working from a computer, but you could
2 almost see the maps and the geometry better because
3 it's right in front of you. It gave you a chance to
4 think on your own instead of being in this almost
5 distracting environment around a piece of cardboard.

6 So I think everybody agreed that it was
7 a very effective way to get together and find new
8 ideas on these projects.

9 So they completed the report back in May
10 of '21. And identified improvements designated as
11 Options 2A and Options 3.

12 So 2A's similar to the crossover. And 3
13 was similar to 1 with a center median connector,
14 which you'll see here.

15 So Option 2A, you remember Option 2 was
16 crossover both directions. So Option 2A basically
17 eliminates the north-south crossover. So I-11,
18 I-515 no longer crossed over. But we still have it
19 in the east-west direction with the 215 and
20 Lake Mead.

21 And then Option 3. This one basically,
22 like I said, is the existing geometry, but it's a
23 much larger median connection. You can kind of see
24 in the inset at the bottom. It was a six-lane
25 highway, you know, with capacity for a future HOV or

1 a general purpose lane that allowed for the most
2 major traffic movement between the 215 and 515 to
3 occur most efficiently. So it actually worked
4 pretty well.

5 So once we had these designs in place,
6 you know, we still kept Option 1 handy. Option 2 A
7 and Option 3, we rated them. And you can see
8 there's 12 different -- nine different variables
9 there that we considered: safety, traffic
10 operations, performance, accessibility, capital
11 costs, environmental aspects, maintenance. So quite
12 a few factors.

13 And then we assigned different weights
14 to each of those factors. Because, you know, is
15 safety more important to than maybe traffic during
16 construction which is a short term period? Yes. So
17 it might have had a heavier weight.

18 So we took each of those designs, ran it
19 through these -- each of these variables and graded
20 on a scale of one to five and then came up with a
21 weighted average and ranked the scores. So you can
22 see Option 1 was an 8. Option 2A with a 9.1. And
23 Option 3 with a 7.4.

24 So out of that, Option 2A really was
25 heads and tails above the other options, which is

1 good to see.

2 Then the build alternative. So
3 Option 2A, because it did rank as the best
4 alternative. And this was after thorough review, by
5 the way. You know, we had that -- that team come
6 together, the value engineering team, and Jim put
7 together a great ranking. We had a lot of people in
8 NDOT in the design and roadway categories question
9 everything, you know. It was a thorough analysis.
10 I was really impressed with the feedback we got.

11 And in the end, you know, I'm
12 comfortable that everybody at NDOT up at Carson City
13 was comfortable with this design.

14 So the build alternatives. The
15 crossover style interchange, east-west roadways, we
16 talked about that.

17 Reconnection to travel from Lake Mead to
18 Gibson. I think some of you wanted to hear that.
19 So if you want to leave now, that's okay; I won't
20 make you stay.

21 No. But I know it's very important.
22 It's very frustrating when we did lose that
23 connection, but it was just too dangerous. It was
24 too short of a stretch for people to be on Lake Mead
25 to go across four lanes of traffic to get on this

1 ramp, you know. And they would stop on their lane
2 or else they'd be cutting across traffic that's
3 moving at a much higher speed, and people were
4 getting in crashes and they could have been hurt a
5 lot worse. So we appreciate your patience on that.

6 And then a connection of travel between
7 I-15 and Auto Show Drive. You don't have that now.
8 You didn't have it before the re-striping project,
9 so that's a bonus with this project.

10 And then axillary lanes on I-11 between
11 Horizon Drive and system interchange. So looking
12 from the interchange heading south along I-11,
13 you're going to have an additional lane to the west,
14 and then as you're heading north, you're going to
15 have an additional lane to the east to help with
16 that traffic load after you get just past that
17 Horizon Drive ramp where it ties in.

18 We know there's still some concerns
19 about congestion on Horizon Drive. So those
20 axillary lanes actually give a place for people to
21 queue up so they're not sitting on high speed
22 traffic. They can be off in the auxiliary lane and
23 not have problems.

24 So timeline. If you understood all
25 that, you guys are either quiet and you understood

1 it perfectly well or you're glazed over. One of the
2 two.

3 On the timeline, feasibility, that was
4 completed first quarter of 2020.

5 The next step was the value analysis.
6 That was completed first quarter of '21.

7 So we're now in the NEPA process, first
8 quarter of '21 to third quarter of '22. So this is
9 going to take us through August, September and maybe
10 sooner. Like I said, Andrea's pretty good. I
11 wouldn't be surprised.

12 And then beyond that, we move into
13 design. You know. And design is -- there's
14 different ways of procuring and building this
15 project. You could do a typical design, a hundred
16 percent you bid it out and have a contractor build
17 it. Or you might do a CMAR, construction manager at
18 risk process where the contractor would be selected
19 and involved during the design process. And they'd
20 be selected before the hundred percent design, like
21 I said, working with the consultant designing the
22 project.

23 Or else it might be a design/build where
24 a contractor's basically selected at about the
25 30 percent design level, and they work with the

1 design team. You know, they actually have their own
2 design team to finish up the project. That allows
3 them to start a little earlier. They don't need a
4 hundred percent plans, for instance, to get out
5 there and start the grading or maybe do some
6 detours, that type of thing. So sometimes it's more
7 efficient, allows the contractor to get out on the
8 job sooner.

9 So construction, we're looking at third
10 quarter 2023 and then completion by the end of 2025.
11 And, you know, there's still some question marks --
12 I should have put a question mark behind that --
13 because it's dependent on the procurement process.
14 You know, the most efficient procurement process
15 will easily give us that third quarter '23. So
16 there is some questions so no pictures of that,
17 please.

18 All right. And so quickly again, how
19 do you provide comments? You can fill out the
20 comment form that should be in your packet, place it
21 in the comment box. Or provide verbal comments to
22 Karen, our court reporter here. She's the best
23 typer. It's amazing. I told her I'd try to slow my
24 presentation down. I never do.

25 You can submit your comment by mail.

1 You can send it to me, Dave Bowers NDOT Project
2 Manager on East Washington. That's the District 1
3 office. Or you can send an e-mail to the
4 henderson.interchange@dot.nv.gov.

5 Comments accepted till 5:00 p.m.
6 August 5th, and that's associated with our virtual
7 meeting. But even on the website, beyond this time
8 frame, if there's any comment -- in fact, you can
9 always mail something to me or e-mail to this
10 address, and you'll always be responded to. That's
11 one thing I'm really proud of is this team's
12 responsiveness. Maybe some of you in this room have
13 already e-mailed us, and we really try to
14 effectively communicate back as quickly as possible.

15 The project website, you can read there.
16 I think it's in your handout, as well. As we
17 mentioned, the virtual meeting goes through
18 August 5th. It has complete project history,
19 resource links, contact information and information
20 for the public hearing towards the project
21 completion.

22 The project phone number, which is a
23 hotline; it's just going to have a voicemail and
24 then the project e-mail.

25 And then while I'm still up here before

1 I turn this back to Cassie, I just want to mention
2 I-11 project manager for NDOT, too, and I know a lot
3 of concern was raised about the eastern corridor for
4 I-11. There's three corridors, the eastern one that
5 kind of went through the Rainbow mountains, that
6 type of area and basically east towards Lake Mead
7 vicinity. There was a central corridor up the 515
8 through the downtown Spaghetti Bowl up 95, or else
9 you'd go west on the western corridor around 215 and
10 tie into 95 up there. So everybody knows, the
11 eastern corridor has been eliminated. It's not a
12 consideration anymore. I think it's a relief to a
13 lot of people, not just the public in general but a
14 lot of environmentalists and even our elected
15 officials. Because they were looking at legislation
16 this year to make sure that area is protected with a
17 congressional designation. So I think that's good.
18 I think we eliminated a lot of controversy by
19 eliminating that.

20 And also, I was speaking with Tom Davy
21 before this presentation. There are improvements
22 planned on the 215 that the Clark County's going to
23 come through and pay for. They're also looking at
24 upgrading the Pecos and Green Valley interchanges.
25 So a lot of things happening just to the west of

1 this project that's going to make the area more
2 traversable, as well.

3 So thank you very much. I'll let Cassie
4 close us out, then we can answer your questions.

5 MS. MLYNAREK: All right. Thank you,
6 Dave. I'm going to let Dave take a breath for one
7 moment. We're going to do a Q and A. So this is a
8 reminder that each individual's going to have about
9 three minutes -- or you will have three minutes to
10 speak. We have a nice little countdown timer over
11 there. So you can come up. Adrian's right there.
12 Give us a wave, Adrian.

13 Come up to the microphone. We just ask
14 that, you know, for the record, that you say your
15 first and last name.

16 And also for those of you who are
17 listening online right now, you still have the
18 ability to make a comment. We did put the project
19 website in the chat function on Zoom right now. So
20 we encourage you. You can either listen to public
21 comment or maybe even hop over there and write in
22 your comment right now. But I'm going to go a
23 little bit more into making a comment in just a few
24 minutes.

25 But is there anybody who would like to

1 step up right now and make a comment or ask a
2 question? Okay. I'm going to have you go to the
3 microphone so everybody can hear you.

4

5

6

QUESTION AND ANSWER SESSION

7

-o0o-

8

9

PUBLIC COMMENTER SPRENKLE: Okay. My
10 name is Nancy Sprenkle. I live on Tiger Lily Way in
11 Henderson.

12

The construction part, it says
13 "pending," "funding pending," right?

14

MR. BOWERS: Correct.

15

PUBLIC COMMENTER SPRENKLE: So on the
16 construction phase, it says "funding pending." Do
17 you have any commitments yet?

18

MR. BOWERS: We do. There's -- there's
19 money in the STIP, which is kind of a long term plan
20 with the Regional Transportation Commission that
21 NDOT has already earmarked, and it's in the range of
22 about 250 million. I think this project's going to
23 be between 250 and 300 million.

24

So it looks like the project will be
25 funded without a problem. But when it's not all

1 there and there's always questions between now and
2 final design, I can't say a hundred percent that it
3 will be, but it's very, very likely.

4 PUBLIC COMMENTER SPRENKLE: And what
5 about coming from Henderson, City of Henderson?

6 MR. BOWERS: We're talking about raising
7 taxes. No, I'm just kidding. No, no. There's
8 nothing. Actually, this is -- City of Henderson's
9 been concerned about getting this type of work going
10 to improve the community. There's fuel revenue,
11 that gas tax increase that helped get this project
12 rolling, but in the end, I think what the state is
13 planning on doing is using the federal funds, our
14 portion of that to pay for the project.

15 We're not expecting any additional money
16 from Henderson. If it would be, it would be their
17 highway then.

18 Otis cookie for the next speaker.

19 So I'm going to ask you guys questions
20 then. If you all understand a hundred percent --
21 no, I mean, does everybody really understand the
22 crossover design? Is that pretty clear?

23 PUBLIC COMMENTER SPRENKLE: Is
24 that what's at Horizon and --

25 MR. BOWERS: Right, so you're basically

1 switching sides.

2 PUBLIC COMMENTER SPRENKLE: It's
3 horrible.

4 MR. BOWERS: See, that's a smudge
5 smaller area there. But what that's doing on
6 Horizon Drive is it's eliminating the need for
7 another signal. It would have taken a lot more time
8 to get through there and increased travel times and
9 made it a lot more miserable if that didn't happen.
10 So I think that's the most efficient design they
11 could have done there to spend the money wisely.

12 But so by the same token, the reason
13 we're doing this crossover design is to eliminate
14 those giant flyover ramps that you see now as you're
15 heading eastbound on the 215 and you're trying to go
16 north on the 515, you know, that's a monstrosity
17 trying to get over all this traffic.

18 PUBLIC COMMENTER SPRENKLE: The thing
19 that I hate about it the most, you know, my whole
20 life -- your whole life you always learn to stay
21 right, stay right. It's so unnatural to go on the
22 left side. It's just not a natural thing. You
23 know, we were -- the kids today, they can do it, but
24 old people like us, we're always so used to driving
25 always stay right, always stay right.

1 MR. BOWERS: Right.

2 PUBLIC COMMENTER SPRENKLE: It's just
3 unnatural. I hate going to Von's because I have
4 to -- it's just scary. But we'll live with it. You
5 know, it is efficient.

6 MR. BOWERS: Yeah. And hopefully the
7 corridor is designed well enough that it feels
8 comfortable that you're going straight through, you
9 know, instead of making that sharp left.

10 But I totally understand. I must be in
11 that old category, because driver expectation is
12 very important to me, too. And, you know, if I'm
13 going to the right, I don't want to have to get off
14 on the left or, you know, vice versa. So.

15 PUBLIC COMMENTER SPRENKLE: Right.
16 That's why they say old people shouldn't make left
17 turns. It's true.

18 MR. BOWERS: Yes. I really do feel this
19 design is going to work out well. You know, instead
20 of a left exit, it's just more of a diversion of
21 traffic. You know. It's going to be well signed.
22 You know.

23 And I apologize, I haven't heard one
24 comment tonight about the striping job and I
25 appreciate that because that wasn't us. Just

1 kidding.

2 PUBLIC COMMENTER SPRENKLE: It does work
3 well. There's too many lights, but it does work
4 well.

5 MR. BOWERS: Sure. Sure. Okay. Great.
6 Thank you.

7 MS. MLYNAREK: Anybody else?

8 PUBLIC COMMENTER DiBLASI: Sorry if you
9 covered something because I got here a little bit
10 late, but I do have a question on something. You
11 had mentioned the Green Valley area, and I apologize
12 if, like I said, you've already covered this. But I
13 know with them building the Silver Knights arena, I
14 know we already had a lot of traffic at that built
15 up on the exit and that whole area when there was an
16 event, and now there's going to be quite a few more
17 people in that area. Is this going to coincide,
18 that freeway -- I'm just wondering for traffic
19 purposes especially when it opens and there's an
20 event going on because that's set to open -- is it
21 next year? And I just wonder how it's going to
22 impact together with all the traffic and all the
23 construction all in that area.

24 MR. BOWERS: Sure. And unfortunately,
25 that is outside of our project limits. Valle Verde

1 is the most western limit for this project, but we
2 are familiar with that project. And, Tom, please
3 feel free to come up if you'd like and address it.
4 You can even address it from that microphone there,
5 if you'd like.

6 MR. DAVY: Sure. Tom Davy with the City
7 of Henderson. We're currently working on a couple
8 projects to help alleviate the traffic that would be
9 generated by the arena. We have some plans that
10 are -- should be delivered to our office next week
11 for adding additional lanes on Green Valley Parkway
12 adjacent to the stadium, adding some additional
13 traffic signals around the area. But we're also
14 adding what they call adaptive traffic signal timing
15 that would help with traffic signals -- with the
16 commuters going through that area.

17 We are working closely, Dave mentioned
18 earlier, with Clark County public works. We are
19 adding improvements at both Pecos and Green Valley
20 interchanges, as well as they just recently I think
21 this week are finishing the widening between Pecos
22 Road and Windmill. The city will be championing the
23 widening from Pecos Road to Stephanie Street. So
24 we'll be adding an additional lane each direction on
25 the 215.

1 We envision all that work to be complete
2 prior to this project. So it will dovetail nicely
3 once we're finished.

4 MR. BOWERS: If possible, I would like
5 to have one question on environmental because Andrea
6 came in from Arizona. She -- I told her if there's
7 not a question, I'm not sure we can pay her.

8 No. The environmental, like I said, is
9 a tricky process, and they've looked at a lot of
10 different things. If you want to expound on it,
11 Andrea, you're welcome to. But it's -- it really is
12 impressive what the federal government has done in
13 conjunction with other agencies to make sure we look
14 at everything thoroughly.

15 MS. ENGLEMAN: Hello. I think probably
16 the biggest question that we are looking at for this
17 project on the environmental process is the question
18 of sound walls. And I just want to say we don't
19 have an answer for that right now.

20 Part of our study process we are doing
21 are traffic noise analysis, and when we have our
22 public hearing for this project in spring of '22,
23 that's when we will have the information for the
24 proposed sound walls that would be constructed as
25 part of this project.

1 So I know we've had a few comments
2 online about sound walls and if anybody is wondering
3 about the vroom of the cars they hear, that's what
4 we're in the process of right now.

5 PUBLIC COMMENTER WILSON: Okay. My name
6 is Bob Wilson, I'm a former city employee. I've
7 been a planner for 30 years here. One of my jobs
8 the (inaudible). It was of value and often
9 requested by the Public Works Department, Traffic
10 Department, as well as the rest of us planners,
11 because we could predict where not to allow
12 development to encroach on something you need.

13 I wanted to get this on the record, I
14 spoke to you earlier. I think the rerouting or the
15 shoe fly or detouring system should be probably
16 thought of earlier rather than later so that when
17 projects come in, baseball fields or something, that
18 they are asked to at least acknowledge and figure
19 out how they're going to repair whatever damage
20 they're going to do your intended driving. Leaving
21 it until the last minute design/build, probably not
22 going to be a great idea.

23 Downtown is getting support from
24 (inaudible) but they still get a lot of traffic from
25 the west. And if the traffic from the west is

1 discouraged enough, it will find another place to go
2 and downtown will suffer again. So that was my
3 comment.

4 MR. BOWERS: Thank you so much, Bob.
5 Okay. I think there's no further
6 questions. We'll still have people back there
7 representing at each of the boards, so feel free to
8 take a closer look at those if you'd like, and we're
9 all available for questions. Thank you so much.

10 MS. MLYNAREK: And I'm going to offer
11 just a few more comments on how to submit a comment.
12 You're welcome if you're good to go, but we have
13 some folks online that I wanted to make sure that
14 they got some information. So to conclude our
15 presentation for those of you that are here, we have
16 this room until 7:00 p.m. So if you didn't want to
17 make a comment at the microphone, you still have
18 plenty of opportunities to do so. You can write it
19 down. You can actually come up to our court
20 reporter up front here, make a comment.

21 So if you didn't get to make one during
22 the presentation, that's fine. So you can submit
23 any time between now and 5:00 p.m. on August 5th.
24 We're going to leave the information for the meeting
25 up here on the screen. And the online meeting will

1 have all of our project materials that you saw here
2 today.

3 Again, that's going to be until
4 August 5th at 5:00 p.m. that you can make a public
5 comment. So thank you so much for joining us,
6 whether you joined us in person or online, we really
7 appreciate your time. Please make a comment for
8 this project. Thank you and have a great evening.

9
